U.S., Hanoi OK Paris As Talks Site

WASHINGTON (AP) — The United States and North Vietnam agreed today to open preliminary peace talks in Paris next Friday or a few days thereafter.

President Johnson announced at a 10 a.m. news conference he had sent word to Hanoi that he accepts the time and place Hanoi had announced to the world two hours earlier.

Informed At 1 A.M.

Johnson said he was informed of the North Vietnamese agreement at 1 a.m. today. He then conferred with Secretary of Defense Clark M. Clifford, Secretary of State Dean Rusk and other high officials and made his decision.

Hanoi announced its purpose in the talks would be "to decide with the U.S. side the unconditional cessation by the United States of its bombing and all other acts of war against the Democratic Republic of Vietnam North Vietnam and later to talk about other matters related to the two sides."

States of its bombing and all other acts of war against the Democratic Republic of Vietnam North Vietnam and later to talk about other matters related to the two sides."

Johnson ordered March 31 a partial halt in bombing of the North and called for peace talks. He offered to stop the rest of the bombing if Hanoi would show "restraint" in its military operations.

Increased Infiltration

But U.S. officials report Hanoi since early March has greatly increased infiltration of men and weapons into South Vietnam.

Asked about this today Johnson said "we have been quite concerned" about the North Vietnamese expanding infiltration.

The President warned the

May 10 Scheduled As Opening Date

Paris talks would be only the "first step" toward bringing the long and bloody war in Southeast Asia to a close.

"Let me sound a precautionary note," Johnson said after announcing his decision. "This is only a very first step, and there are many, many hazards and difficulties ahead."

"I have never felt it was useful for public officials to confuse delicate negotiations by detailing personal views" in advance, Johnson went on. So, he said, he would not discuss the question further now.

Agreed Month Ago

It was exactly a month ago to

day that North Vietnam and the United States publicly declared their readiness for such talks, thus signaling a potential breakthrough in the long effort to begin peace discussions.

The forthcoming discussions are expected to be only preliminary to what could be much-drawn-out negotiations.

For the preliminary contacts, the United States had proposed 15 Asian and European capitals for possible meeting places while North Vietnam had suggested Phnom Penh or Warsaw. The Indonesians meanwhile, offered to send a cruiser to Tonkin Gulf as a meeting place.

The North Vietnamese broadcast today indicated an end to the stalemate. As received by U.S. monitors, Hanoi Radio said:

"The Democratic Republic of Vietnam (North Vietnam) government is of the opinion that formal talks between Hanoi and Washington should be undertaken immediately."

"It decides to send Minister Xuyen Thuy as its representative to hold formal talks with a representative of the U.S. government to decide with the U.S. side the unconditional cessation by the United States of its

bombing and all other acts of war against the Democratic Republic of Vietnam and later to talk about other matters related to the two sides."

"The Democratic Republic of Vietnam government welcomes the fact that the French government is willing to let Paris be the site between the Democratic Republic of Vietnam and the United States as declared by French (foreign) Minister Couve De Murville on 18 April 1968."

"The DRV government is of the opinion that Paris, just as Phnom Penh and Warsaw, is an

appropriate venue for the formal and bilateral talks. "These formal talks will begin on 10 May or a few days later."

Johnson has named veteran roving Ambassador W. Averell Harriman as the U.S. envoy for the preliminary talks.

Also Tapped for This Service

needed has been Llewellyn Thompson, U.S. ambassador to the Soviet Union, who recently returned to Moscow after Washington consultations.

Neither Had Listed Paris

Neither the United States nor North Vietnam had listed Paris as a proposed meeting place during the lengthy maneuvering, leading some observers to believe it would be a compromise.

Each side objected to the cities on the other's list.

Johnson objected to Warsaw, the capital of Communist Poland, and Phnom Penh, the Cambodian capital where the United States has no diplomatic relations, on grounds they did not meet conditions he wanted for a talk site.

He said the U.S.-North Vietnamese representatives should meet in a neutral atmosphere, with adequate communications for diplomatic dispatches, access by the world press and access to diplomats of the countries with interest in the Southeast Asian conflict.

Meets I.B.J. Standards

Paris would appear to meet Johnson's standards since it is a city with modern communications and is open to the diplomats of both North and South Vietnam and their friends.

U.S. Forces Crush Reds At Dang Ha

SAIGON (AP) — U.S. forces crushed a North Vietnamese counterattack near Dong Ha Thursday, climaxing four days of fighting in the northeast corner of South Vietnam in which U.S. and South Vietnamese forces reported at least 1,208 of the enemy killed.

U.S. and South Vietnamese casualties totaled 93 killed and 449 wounded, the allied commands said.

Fighting slackened off today after U.S. Marines and Army infantry reinforcements beat back a heavy enemy counter attack near the 3rd Marine Division headquarters at Dong Ha 11 miles below the eastern end of the demilitarized zone.

Counterattacked Thursday

The North Vietnamese launched their counterattack Thursday afternoon and pushed the Marines back. Army troops were rushed in as reinforcements, artillery and U.S. planes pounded the North Vietnamese, and by nightfall "the enemy withdrew," a U.S. spokesman said. He added that the enemy made light probing attacks for two hours before contact was lost.

There was no word of new fighting by South Vietnamese forces who have been battling the North Vietnamese a mile or two from the Marines in the Dong Ha sector.

The other northeast area of hard fighting this week has been around Hue, 45 miles south of

Dong Ha, and there paratroopers from the U.S. 82nd Airborne Division reported overrunning enemy positions four miles west of the former imperial capital and killing 46 North Vietnamese soldiers. There were no American casualties reported.

Saigon Terrorist Incident

Saigon had its first major terrorist incident since the Communist lunar new year offensive in February. A taxi loaded with TNT exploded in the heart of the city, in a driveway between the U.S.-South Vietnamese television and radio station compound and a church student center.

The blast killed three Vietnamese and wounded about 25 Vietnamese and five Americans. Most of the victims were young girl students.

The explosion collapsed the two-story student center and damaged the South Vietnamese and American television station buildings.

In actions 18 and 25 miles northwest of Saigon, helicopter gunships, air strikes and artillery reportedly killed 25 of the enemy. No U.S. casualties were reported. Viet Cong gunners fired 20 mortar and rocket rounds into a South Vietnamese military post on the outskirts of the capital shortly after midnight, killing two civilians. At about the same time small arms fire hit a medical factory at Thu Duc, about six miles from the center of the city, but no casualties were reported.

Record Package

Phone Strikers Slate Pact Vote

WASHINGTON (AP) — Telephone strikers across the nation are preparing to vote on whether to trade in their picket signs for the biggest package of increased wage and fringe benefits in the industry's history.

The proposed contract negotiated by the AFL-CIO Communications Workers of America and the Bell Telephone System would provide three-year increases totaling nearly 20 percent.

A company official indicated it would lead to higher telephone bills for many of the nation's 50 million customers, but didn't specify what rate hikes might be forthcoming.

Results of the voting by some 200,000 strikers from coast to coast are expected by Sunday. The contract will set the pattern for most of another 400,000 telephone workers whose contracts expire later.

The tentative contract agreement came Thursday after some 24 hours of marathon bargaining. The strike, first nationwide telephone walkout in 21 years, is in its 16th day.

Top-paid telephone installers would get \$34 a week more in wages alone by the third year of the contract, highest-rated plant craftsmen \$24 more and switchboard operators and clerks \$16, the union said.

The largest part of the wage increases would come at the start of the first year, including \$12 a week for top-scale craftsmen and \$8 for operators and clerical workers.

Craftsmen and installers now

average about \$154 a week, operators about \$83 and clerical employees about \$103, but geographical differentials make for widely varied nationwide wage rates.

Ohio Bell Employees Approve 3-Year Pact

CLEVELAND (AP) — Ohio Bell Telephone Co. employees who went on strike 15 days ago may be back at work early next week following agreement Thursday on a three-year contract.

Local officers of the Communications Workers of America will meet here Saturday to receive details of the agreement. No membership ratification vote is needed for the Ohio Bell contract.

Three CWA locals at Cincinnati and Suburban and its subsidiary, Northern Kentucky Citizens Telephone Co., vote today on their new, three-year contracts.

Nearly 2,000 Western Electric Co. employees in Ohio are involved in the CWA's first nationwide strike in 21 years.

Ohio Bell Vice President Robert O. Bover said the settlement was the largest in the company's history and would add \$26.4 million to the company's costs, with \$10.2 million coming in the first year.

At Stanford Medical Center

8th Transplant Patient Is Fair

STANFORD, Calif. (AP) — A healthy heart replacing a badly diseased one has carried Joseph Rizzor beyond a critical period and into his first postoperative day.

"The first 10½ hours are critical," said doctors at Stanford University Medical Center when they completed a 4½-hour transplant operation at noon Thursday. Rizzor, 40, received the heart of a 43-year-old man.

Dr. Norman E. Shumway, 44, who headed the transplant team, said the condition of the stocky Salinas, Calif., carpenter was fair. Because of a lung condition, the patient was receiving artificial respiration to help him breathe, Shumway said.

The donor, whose family asked anonymity, died of brain damage doctors described as irreversible.

Rizzor, eighth person in medical history to undergo a human heart transplant, entered the hospital in March after suffering a serious heart condition for seven years.

He wanted the surgery. "I wish that were me," Rizzor had said when he heard about the world's first heart transplant, which was done at Cape Town, South Africa, last Dec. 3.

Rizzor was quoted by his wife, Eileen.

"At first I was shocked by the idea but time and the knowledge of how desperately my husband wanted to undergo the operation have made me realize that this may be his only chance to live."

Mrs. Rizzor said before the operation began at 7:30 a.m. She said her husband "could

make anything" but had been bedridden and unable to work for the past two years.

9th Heart Transplant Performed In Texas

HOUSTON, Tex. (AP) — A team at St. Luke's Episcopal Hospital performed the world's ninth heart transplant today.

At a late hour, hospital spokesmen said the transplanted heart was performing as expected.

The patient is Everett Clair Thomas, 47, a Phoenix, Ariz., accountant.

The hospital said the donor was a 23-year-old woman brought to the hospital with a self-inflicted gunshot wound in the brain. Her name was not revealed.

Weather To Be Cool, With Some Showers

Cloudy and cooler weather with scattered showers is on tap for area residents tonight and Saturday.

The low will range between the high 40s and the low 50s. Temperatures will average near normal through Wednesday. It will be slightly cooler over the weekend before moderating early next week.

More Study Due On Tax Hike, Funds

BULLETIN
WASHINGTON (AP) — President Johnson delivered today his strongest appeal yet for Congress to act on his tax increase proposal, and told those demanding deeper spending cuts:

"Don't hold up a tax bill until you can blackmail someone."

WASHINGTON (AP) — The House Ways and Means Committee—where President Johnson's proposed income tax boost has languished in limbo for eight months—will take a new look at the measure and a companion \$18 billion appropriations cut plan.

Chairman Wilbur D. Mills, D-Ark., said he wants to sound out the committee Monday before any more sessions of a Senate-House conference committee seeking a compromise package. "There is no point in going much farther in the conference until I have an idea what the committee will back," Mills told newsmen Thursday.

Included 10% Surcharge

The Senate has passed a bill including a 10 per cent income tax surcharge, as proposed by President Johnson. That same bill calls for a \$6 billion spending cut in Johnson's budget for fiscal 1969, which begins July 1. The conference committee has been discussing this bill for several weeks without much

outward sign of progress. But the House Appropriations Committee made its own recommendation on spending this week: an \$18 billion long-range appropriations cut, including a \$4 billion slash in the coming fiscal year.

There are predictions the final figure for fiscal 1969 spending reductions will amount to \$5 billion.

But Rep. John W. Byrnes of Wisconsin, ranking Republican on the Ways and Means Committee, said House Republicans won't support any tax-economy package unless it calls for a \$6 billion cut in the coming year.

GOP Support Needed

It is believed GOP support will be needed in both Senate and House to pass any tax-spending bill.

In other developments: Administration officials said they will seek to revive in Congress their proposal to tax the overseas spending of American tourists and businessmen. The Ways and Means Committee deferred any decision on this plan earlier in the session.

Officials said this time the plan will be brought before the Senate Finance Committee, but no timetable was discussed in the announcement.

Under the plan, the first \$7 a person spent daily outside the Western Hemisphere would be

Blast Furnace Construction Will Get Under Way Monday

Reconstruction of the Peter Farr blast furnace at Weirton was discussed during a meeting of the Hancock County Historical Society Thursday night at the Courthouse.

Construction is to begin Monday at an estimated cost of \$11,260. The furnace is the first of its kind west of the Allegheny Mountains in West Virginia and was built about 1800.

The Historical Society will meet Monday at 9:30 at the furnace site.

A painting of the furnace by Roy Switzer was shown at last night's meeting. The society will solicit various businesses to help pay for the reconstruction work.

The society made plans to entertain the state board of directors on July 14. An open house is planned along with a trip to the furnace site.

A film on historical sites in the area was presented by Stan Scott and Jim Calhoun of television station WSTV in Steubenville.

The group discussed compiling information of district cemeteries.

Plans also were made for a display at the Rotary Expo '68' in Weirton. Displays include: Mrs. Mary Ferguson, wedding dress; Mrs. Melvin Boyd, handwoven coverlet; Mrs. Gilbert Walters, old quilts; Mr. and Mrs. Campbell Chambers, pioneer utensils and Mrs. James Collins, ironstone ware. Mary Lou McCullough will assist with the exhibit.

Twenty-five attended the meeting, with Daniel Jones, president, in charge. The next regular meeting will be June 6 at 8 p. m. in the Christian Church.

Plan Advanced At Salineville For Summer Youth Program

SALINEVILLE — Mrs. Anne Lecroy of the Columbiana County Community Action Agency appeared at two area schools and a church Wednesday to discuss a center of operations and financial support for a summer youth program.

Speaking at the Methodist Church, Southern Local High School and Salineville Elementary School, Mrs. Lecroy, summer program coordinator, said the agency has selected Salineville to receive federal funds for the program, but area support is also a necessity.

NEEDED from the community are a building for offices and furniture, she said.

Mrs. Lecroy said the enthusiasm shown during a meeting Monday with city and school officials, the ministry, businessmen and other interested persons "has given her high hopes for a successful program."

The aim, she explained, is to assist disadvantaged youth between the ages of 5 and 25 through self-improvement, craft, recreational and constructional projects.

Those participating will assist the elderly, cut grass, do minor repair work and perform other neighborhood services.

A foster grandparent program also will be incorporated, enabling Senior Citizens to donate time to the recreational center and care for small children of working mothers, Mrs. Lecroy pointed out.

The program is scheduled to begin immediately after the schools close for summer and will last 13 weeks, she added.

PROJECTS will be determined by a board, one-third of which will consist of disadvantaged youths between the ages of 16 and 25, Mrs. Lecroy continued.

The program will be under the supervision of adults at all times, Mrs. Lecroy said, and a nurse will be available.

Financial support will come primarily from the federal government through the Community Action Agency. The agency has applied for \$18,000 to be used in two communities in the county.

Since the funds will not be sufficient, help and cooperation from community businesses and residents will be needed, Mrs. Lecroy pointed out.

Humphrey Will Meet Today With Ohio Democrat Heads

KENT, Ohio (AP) — Vice President Hubert H. Humphrey meets today with state Democratic leaders during a 10-hour visit to Ohio.

Humphrey is expected to seek the support of party officials in his campaign for the Democratic presidential nomination.

Making his first visit to the state since announcing last Saturday he will seek the nomination, Humphrey flies into Akron-Canton Airport from Washington this afternoon.

He will be accompanied by his staff and about 60 reporters.

From the airport Humphrey goes directly to Kent State University where he will speak for about 20 minutes then answer questions from a student-faculty panel for a half hour.

The vice president will meet with Kent State's President, Dr. Robert I. White, and other university and local officials before leaving the campus in a motorcade to Akron.

Akron officials will meet Humphrey at the Cascade Development Area in downtown Akron before he goes in a motorcade

Israelis Kill 12 Arabs On Desert Patrol

By MARCUS ELIASON Associated Press Writer

TEL AVIV (AP) — Israeli troops patrolling the Negev Desert while most of their countrymen celebrated the 20th anniversary of their independence killed 12 Arab saboteurs in a clash Thursday night, the army announced.

This raised the total number of Arab infiltrators reported killed this week to 30 and made it the most successful week in the army's antiguerrilla campaign since the Arab-Israeli war last June.

The army said about 125 guerrillas have been killed since last September, when Arab commando activities accelerated.

Two Israelis were wounded, one seriously, in the fight Thursday night near the settlement of Neot Hakikar, on the border with Jordan. An army spokesman said mines, Soviet machine guns, hand grenades and explosives were found near the bodies of the saboteurs.

Earlier this week, the army said a patrol killed 13 infiltrators Sunday night near Jericho, in the West Bank territory seized from Jordan in the war last June.

Military sources said they believe the sudden growth in size of guerrilla bands—previously they rarely exceeded five men —is due to the saboteurs' belief that they can break through Is-

raeli patrols and ambushes if they have greater firepower.

Israel had defied the U.N. Security Council and its Arab neighbors Thursday by parading its military might and trophies of last year's wars through an Arab sector of Jerusalem in the highlight of the independence celebration.

The Security Council had called on the Israelis to cancel the parade, contending it would harm chances of a peace agreement with the Arabs. Thursday night the council slapped Israel's wrist with a unanimous resolution "deeply deploring" the holding of the parade.

A Tip Of Our Hat

We are reserving this space today for a pat on the back for the members of our society who have not fallen victim to the "anything goes" disease.

We have some kind words for those Americans who still believe the strength of a nation is woven from strong moral fiber.

These are the people who have not substituted permissiveness for standards of behavior.

SOME INSIST on calling the people we're talking about prudes because they believe there are some things that shouldn't be shown on a movie screen or written about in paperbacks to give children a false impression of what is acceptable or unacceptable.

As parents, they believe it possible for youngsters — as well as adults — to be in style without being indecent.

Also as parents, they believe the home is the proper place for discussions on morals, rules of conduct, respect for the rights and property of others, religion, citizenship and the privilege and responsibility of dissent.

These citizens sometimes are called square but that is a misnomer. They are aware that their youngsters eventually will be making decisions on their own. What they are striving for is a solid foundation built between the tot-to-teen years so young people will have something to base their decisions on.

If parents deceive their children by painting too rosy a picture of life, then chances of total rebellion are good after disillusionment takes over.

Youngsters of all ages pick up various tidbits of information and opinions at school, church and in school activity. The home is the logical

place for new ideas and information to be sorted out and discussed.

If there is a free exchange between adults and children at an early age, the lines of communication are more likely to remain open during difficult later years.

IT IS THE PARENTS' responsibility to establish the relationship early and not leave it up to school personnel or Sunday school teachers to carry the load.

Children learn about love, compassion and understanding through example rather than explanation alone. The same is true of other lessons to be learned like respect for law, individual honesty, etc. Parents teach by example.

To those parents who are meeting their responsibilities to their children by taking time to talk to them truthfully about standards, concepts and about their special problems and concerns, we offer a tip of our hat.

Most Likely

If the East Liverpool High School senior class holds a vote on "the most likely to succeed," a leading contender will have to be Mac Ogilvie, named winner of a National Merit Scholarship this week.

Mac, onetime city spelling bee whiz and now senior class president and leader in other student activities, is among the top scholars in the nation to win a 4-year scholarship from the many thousands of young people who took the tests.

Mac has earned congratulations, not just for his several accomplishments, but for his inspiring example of exceptional promise.

Hesitant Rockefeller On The Move

Bobby Kennedy has the bounciest hair in politics but Gov. Nelson Rockefeller has the most active hat.

Rocky's hat is capable of behaving like a Mexican jumping bean when tossed toward the GOP presidential nomination ring. It can be in the ring, or outside it, or balanced on the rim waiting for a slight breeze of public opinion to tip it over.

On the basis of Tuesday's announcement, his hat now rests solidly in the middle of the ring—at least temporarily.

The 1968 political antics of the New York governor aren't new. His record as a presidential aspirant, dating from 1960, shows he waited for a draft that never came, backed a loser and lost an active bid for the nomination.

In 1960, he sent up a trial balloon by criticizing President Eisenhower's policies and questioning the programs of Vice President Richard M. Nixon, a candidate. The hoped-for draft failed to materialize.

Gov. Rockefeller changed tactics in the 1964 campaign by getting in on the early action as a declared candidate. That strategy failed, too. He withdrew after losing the California primary to Sen. Barry Goldwater in a close contest.

After his withdrawal, Gov. Rockefeller threw his support to the late blooming candidacy of Pennsylvania's William W. Scranton. Sen. Goldwater won the nomination.

This presidential election year, it appears that Gov. Rockefeller is wrapping all his previous stratagems into one big bundle.

When the 1968 firing began, Gov. Rockefeller was backing Michigan's Gov. George Romney. Mr. Romney withdrew before the Hampshire primary was held.

The hesitant noncandidate waited in the wings while his aides tried to drum up a draft movement.

As time slipped away and Richard Nixon kept trying to salt away the nomination via the primary route, Rocky became nervous. Into the ring went his hat.

Now he has full candidate status. The public can expect a well-financed campaign — that is one advantage of being a Rockefeller.

However, we fail to see how even a highly spectacular campaign can overcome Gov. Rockefeller's image of an indecisive man who doesn't really know whether or not he wants to be president and who believes the answer to many of this nation's ills lies in additional spending.

Letter From Max

By Martin Miller

A Saturday Evening Post article says computers could easily be used to replace bartenders and would cost only about \$1,000 a year to operate. How about all the thirsty guys who go to bars and tell the bartender, "My wife doesn't understand me." A bartending computer would have to be programmed as an amateur psychologist and expert on all sports, politics, television shows, sympathy dispenser and man's second best friend. That will be a cold day.

My guess is that Arthur Goldberg resigned as UN ambassador to free himself for participation in the Democratic presidential campaign on behalf of a special candidate or for whoever the nominee is.

The reason Socialism won't work is because it makes "every man a king," and we all know that kings are traditionally lazy and corrupt because of their vast power.

We are inclined to look down on tribal civilizations such as that in Africa but when you stop to think about it we do pretty well at the same sort of tribal divisions in this country with our sharply defined ethnic and economic groups.

A TV "comic" the other day used the startling terms "the war in the streets and the crime in Vietnam."

Movies of lemmings rushing headlong over a cliff to death in the ocean somehow brought to mind certain aspects of modern human practices.

It is exciting to see such battles shaping up over the presidential nominations in both parties. It should be good for the nation.

Violence on TV is a little easier to take if you are able to regard it only as burlesque.

My poking fun at rock music groups a week ago promoted a rebellion in our household. Certain members of the family figured the old boy had finally gone bananas. Herewith is the gentle rejoinder that was handed to me:

"Dear Max:

"As spokesmen for today's generation, we feel obligated to put down your recent put-down of the current young musical groups.

"You simply displayed your extreme ignorance by referring to all rock music as country music that comes out of Nashville and by ridiculing the group that are producing the best music around.

"So what if they have funny names? Remember Red Nichols and His Five Pennies, the Ink-spots, Bob Crosby and The Bobcats and Spike Jones and His City Slickers?

"So what if they look a little weird? What if their music sounds off key? Much of the music you listen to is Beatie or Dylan remade and toned down and butchered.

"Our music is new, different, original.

"So listen, Pops! Next time don't knock till you know something about it.

"Sokin' it to ya,
Your daughters,"
Faithfully yours,
MAX

Letter To The Editor

EDITOR OF THE REVIEW:

In endorsing septuagenarian Frank Lausche, your paper stoops to a new low. Here is a man who has been repudiated by his state committee in an unprecedented action, and although the political views of the chain that controls The Review are no secret to anyone, you attempt to get Democrats to vote for a man who has betrayed his party, who has violated his oath and who has lived at the public trough for the past 37 years.

Is it ethical for a Republican newspaper to attempt to influence Democrats? This writer thinks you are out of bounds. It could be likened to a Methodist attempting to run affairs at the local synagogue.

It would take too much space to list the political sins of Lausche. Suffice it to say that he out-Dirksen Dirksen in the 89th Congress. He is one of a group trying to get the National Labor Relations Act thrown out as of this min-

ute. Remember the so-called right to work which he and Bricker tried to put over on the people of Ohio?

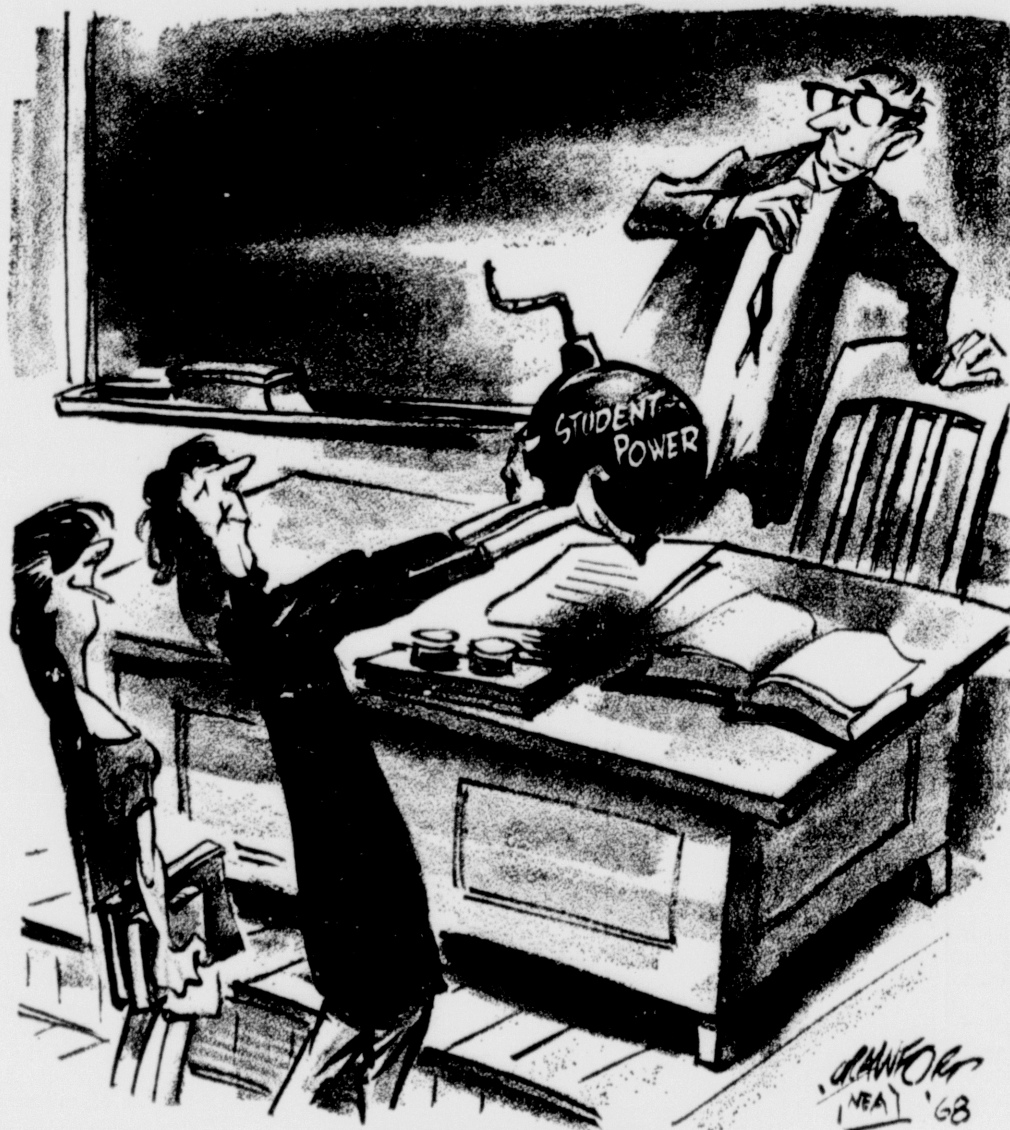

No doubt your news media will come up with some other phonies (and we've got more than our share on the Democrat side). Please stick to endorsing the kind of people your chain owners are as a favor to Democrats. We can make enough mistakes without any help from the other party.

John Taylor of Ft. Lauderdale, Fla., who sent a missive to your paper, hasn't been in Salem for at least two years, this writer was informed in Salem.

Kind of a shame about our incumbent Congressman, sticking his neck out for the withering fortunes of the Cleveland reactionary. His boy Friday is also, but then one must take orders when one feeds the public trough.

An Apple For The Teacher

VICTOR RIESEL

A Kennedy-Goldberg Union

NEW YORK — Lyndon Johnson has lost an ambassador and Bob Kennedy has gained one. Whatever the impact on posterity, history and the presidency, that's the meaning of Arthur Goldberg's resignation.

And nothing has been so desperately needed by Kennedy's "government in exile" as much as Arthur Goldberg's negotiating talent. The UN Ambassador is just the man — in fact, the only man — with whom Sen. Kennedy could rein the alienated affections of the liberal and labor movements.

For months now Goldberg and Kennedy have talked privately. Ideologically, philosophically and politically, the Ambassador feels closer to the young New York Senator than he does to Texas' Lyndon Johnson. But he made no real move until the President "abdicated."

But within hours after Mr. Johnson's television eulogy that Sunday night, Mr. Goldberg allied himself with the brother of his late patron. The Ambassador began telephoning prestigious Washington political and governmental leaders.

He went as close to the top as he could. He urged one Cabinet member to declare for Bob immediately, according to the version which reached President Johnson shortly afterward.

Ambassador Goldberg did not approach Washington labor leaders. He kept his counsel outside the "movement."

HE MADE NO IMPACT on his former Cabinet colleagues. But he did manage to pour political salt on the raw temperament of the President, who had begun inviting labor and Democratic party leaders to the White House urging them to be ready to pour it on for "Hubert."

Word got back to the Ambassador that the President was displeased, which is understatement.

However, Mr. Goldberg sees no disloyalty, violation of ethics, or conflict of interest in his own moves. He thinks that Robert Kennedy will make a better president than would Hubert Humphrey and he continued to press his cause.

The President thought this was ungrateful. The Ambassador thought it was his privilege as a private citizen. The President saw to it that Mr. Goldberg would be just that — a private citizen.

It doesn't matter whether the Ambassador resigned before he was resigned or vice versa. It was inevitable.

The Ambassador long had ceased worrying about what he said at semiprivate dinner parties, or luncheons in mid-Manhattan restaurants.

The stories leaked. Especially his criticism of Secretary of State Dean Rusk.

Ambassador Goldberg soon will be of im-

mense value to New York's junior Senator. There has been no one in the Kennedy shadow cabinet who knows how to approach labor, some of the ethnic organizations and communities, and the organized liberal establishment.

This expertise has been eagerly sought as liberals and labor leaders abandoned Kennedy in droves. Hundreds of gay parties in the intellectual milieu burned into "underground" anti-Kennedy rallies by the third cocktail.

Typical is the balance-of-power New York Liberal Party, heavily influenced by the "anti-Vietnam" forces. The party, which gave Jack Kennedy over 400,000 votes in this state back in '60, has planned an open "convention" debate on Vietnam and peace.

LYNDON JOHNSON and Hubert Humphrey would have been ripped to shreds. Only the loyal forces of Ladies Garment Workers' union leader Lou Stulberg would have fought for the President's policies. It looked like a field day for the Kennedy and McCarthy forces inside the party.

The other day Liberal Party Chairman Rev. Don Harrington called it off in a letter which read:

"In view of the President's policy change in the direction of peace negotiations and the war in Vietnam, the Liberal Party officers commend the President's effort, will follow all further developments very carefully, and postpone for the moment public debate of the issue previously planned by the party. . . ."

This can only help Messrs. Johnson and Humphrey. It hurts Sen. Kennedy. But the postponement may not cost him vital support in these ranks if Ambassador Goldberg, an intimate friend of all the party's leaders, brings them into dialogue with Bob Kennedy, as he brought antagonistic labor leaders together with Jack Kennedy, and later with Lyndon Johnson.

It's "Arthur's" know-how which counts as much as the leaders he knows. For example, when Bob Kennedy wanted to reach organized labor's president George Meany after Mr. Johnson's bow out, the Senator had his secretary call Mr. Meany's secretary in search of the union chief's unlisted private home number — at 11:45 p.m.

Naturally Mr. Meany's assistant thought this presumptuous and refused to pass the number on. Meany did not return the call for two days.

"Arthur" would have done it differently. He will do it differently. He knows the value of direct approaches. He knows the men and their personalities. He is respected in all social climes and levels.

And many insiders believe he soon will be using his talents for Robert Kennedy with whom he agrees far more than he has with the team of Johnson, Humphrey and Rusk.

DAVID LAWRENCE

Double Talk

Two personable men, Vice President Hubert Humphrey and Gov. Nelson Rockefeller of New York, have announced themselves in the last few days as additional candidates for the presidential nomination of the Democratic and Republican parties, respectively.

But, though the cheers of their enthusiastic supporters were heard by nationwide television audiences, no outline was given of the specific policies either would pursue if nominated and elected.

Political speeches are still full of generalities. This is the tactic long ago designed to offend none of the factions and win the support of all of them.

News conferences have just been held, too, in which Humphrey and Rockefeller as well as former vice president Nixon have answered a variety of questions. What is notable is the skill of these three men in making abstract statements which sound well but present no real answers to the questions that bother the country.

EVERYBODY AGREES this is an unprecedented period of anxiety and stress and strain for America. All five of the active candidates pledge themselves to deal sympathetically with the various reforms and changes proposed by civil-rights groups.

The virtual insurrection in the cities, as militants defy the law, scores of innocent people are killed and thousands are injured, is deplored as a serious state of affairs, to be sure. But no clear-cut solutions are submitted.

No candidate comes out forthrightly and says that rebellion will not be tolerated, however worthy the cause of the demonstrators or agitators might be.

Congress also is timid. Groups are organized for "marches" on the capital. Some of the leaders threaten Congress that, unless their demands are granted within a certain period of time, they will carry on the "nonviolent" demonstrations indefinitely. Heretofore violence has erupted in such gatherings, causing casualties and heavy damage to property.

There is, of course, a good deal of buck-passing in Washington. Federal officials say riot control is primarily a task for the states. Under the Constitution, however, the national government has a responsibility to quell insurrection.

Congress has enacted laws in the last few years containing provisions which permit federal intervention by the courts. If necessary, military force can be used to carry out judicial decrees. Cases alleging racial "discrimination" now can be brought by federal authority in any city or town in the land.

Plenty of prosecutions have been begun where "discrimination" has been suspected. All the arguments of the past that citizens have the right to sell or rent their own property to whomever they please have been brushed aside.

But, when it comes to suppressing insurrection, the executive and legislative branches of the federal government have not thus far taken the initiative, preferring to wait until state authority actually breaks down.

This is the biggest issue today and yet certainly is in the minds of millions of voters on election day. It is a source of great anxiety, irrespective of political parties. The various candidates have refrained, however, from telling the people what they would do about such problems.

The talk instead is about the spending of more billions to relieve poverty and assuage the discontent. Incidentally, the acts of violence have not been confined to the unintelligent or the poor. Many of the participants in riots have been persons with college educations and good incomes.

ALSO, THE CAMPUSES of several universities have been the scenes of disturbances in which the officials of the colleges have been seized and held prisoners. The police are not as a rule asked by the educational institutions to deal with these outbreaks until they reach a climax. When the police step in, the charge of "brutality" is raised by the protesters.

The streets of America are no longer safe, as the crime rate rises to a higher percentage than ever before. Internal turbulence throughout the country, involving riots, looting and vandalism, is creating a national tragedy. A fiscal crisis confronts the country as the U.S. Treasury deficits grow larger and larger, and there are fears of a runaway inflation.

The people would certainly like to know what each candidate would do about all this if elected.

Through The Years

THIRTY YEARS AGO — David Kried of Glenmoor School and Hilda Brown of Pleasant Heights School were honored as East Liverpool's healthiest boy and girl as a climax to Child Health Week observance.

Joan Dawson, daughter of Mr. and Mrs. Dwight Dawson of E. 5th St. was chosen one of the attendants to the May queen at Seton Hill College.

TWENTY YEARS AGO — Members of the Speech-Arts Class at East Liverpool High School presented a mystery, "Murder Is Fun," at a meeting of the Rotary Club, with David Jenkins as student director.

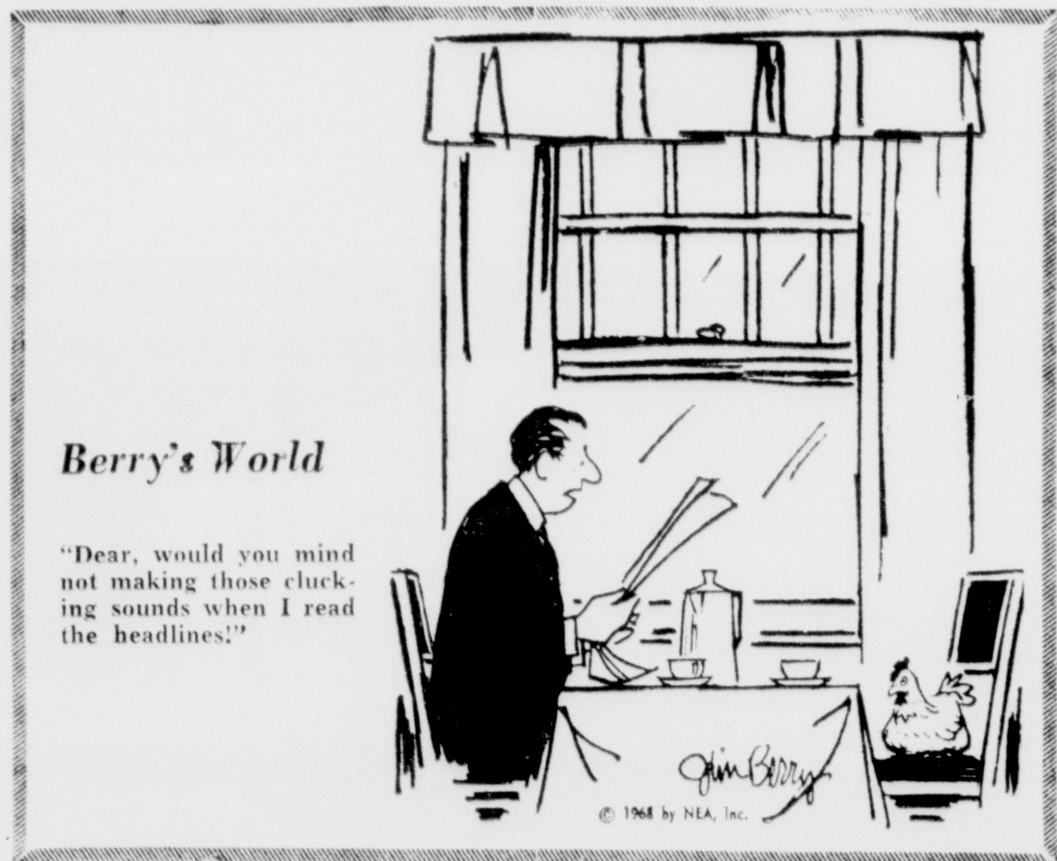

Mrs. Rachel Shingler was re-elected president of the Men and Women's Missionary Society at the First Church of Christ.

TEN YEARS AGO — The Harker Pottery Co. won a first-place award in the earthenware pattern and shape competition during a New York show.

The new Kingdom Hall of Jehovah's Witnesses on Virginia Ave., Midland, was opened to the public for inspection.

Ray's Brother Quits His Job And Disappears

CHICAGO (AP) — Jerry Ray, brother of the man sought on a charge of murdering Dr. Martin Luther King Jr., has quit his job at a north suburban golf club and disappeared, the Chicago Tribune said today.

Ray's disappearance was reported a few hours after he appeared through an interview with another Chicago morning newspaper, the Sun-Times, for

his brother, James Earl Ray, to surrender.

The Tribune quoted an official at the Sportsman Country Club near Northbrook as saying that Jerry Ray quit his job at the club a day after his photograph appeared in a national magazine. Ray had used a Wheeling post office address but lived in a room at the club, the paper said.

"We don't know where he went," the club official was quoted. "He didn't leave a forwarding address. I guess he got tired of being interviewed."

In the Sun-Times interview,

Ray, 32, expressed fears that his brother was dead and said other members of the family also doubted that he was alive.

"If he is still alive," Ray said, "I urge him to surrender himself to the FBI or to contact someone in the family and ask them to make surrender arrangements."

Ray, who worked as a maintenance man at the golf club, was reported as saying his brother could have been used in a conspiracy to kill the civil rights leader.

Lausche Lauds Columbia Move Calling In Police

CLEVELAND (AP)—U.S. Sen. Frank J. Lausche Thursday applauded Columbia University for its "courage" in asking that police remove protesters from its administration buildings.

But, the senator said the university's action was a week late.

He said university officials should have acted immediately when the protest started and students took over the buildings.

Lausche, who is being opposed in next Tuesday's primary by Cincinnati Councilman John J. Gilligan, made the remarks in a 30-minute campaign telecast to be shown Sunday evening on WJW-TV in Cleveland.

Expressing concern over the stability of the dollar, Lausche said: "For the past 10 years, ever since I've been in the Senate, we've been spending more than we've been taking in. . . the piper must now be paid."

He said the capture of the U.S.S. Pueblo by North Korea was part of "an over-all Communist Tet offensive and was

designed to draw the U.S. into another land war in Korea.

"It failed and was so grievous a failure that Ho Chi Minh was forced to go to the negotiating table," the senator added.

5 Of 10 Possible Causes Of Span's Fall Eliminated

POINT PLEASANT, W. Va. (AP)—Five of 10 possible causes of the Silver Bridge collapse have been eliminated, and federal officials are tightmouthed about the five causes still being investigated.

Adm. L. M. Thayer (Ret.), chairman of the National Transportation Safety Board committee investigating the disaster, said Thursday the five possibilities eliminated are:

- Local failure in the upstream leg of the Ohio tower of the bridge.
- Overload at the time of the collapse.
- Sabotage.
- Aerodynamic pressures, such as caused the collapse of the Tacoma Narrows Bridge ("Galloping Gertie").
- Weakening of the bridge caused by large accidents.

The bridge collapse Dec. 15 killed 46 persons.

Thayer would not reveal the possibilities still under investigation, but it is known that one of these falls in the general area of "metal fatigue."

A professor of mechanical engineering at Ohio State University is pursuing a private theory which has interested federal investigators. It falls under the metal fatigue category.

Prof. Walter Starkery, a consultant to the U.S. Bureau of Public Roads, thinks a phenomenon called "metal fretting" may have weakened the Silver Bridge to the point of collapse.

Preparing for a May 7 public hearing in Charleston, Thayer and members of the federal board of inquiry visited a 20-acre site here Thursday where bridge debris is being reassembled.

After five months of examination, sifting through approximately 3,000 tons of rusting steel, engineers have selected nine relatively small pieces of debris, weighing less than two tons, for laboratory analysis.

Thayer said his group is "still six months away from an answer"—unless Starkery produces it in his laboratory at Ohio State.

Rockefeller Seems Glad To Be In Race At Last

By The Associated Press

Pacing the aisle of a campaign bus in a sweat-soaked shirt, hitting it off well with the crowds—Nelson A. Rockefeller in his first full day of campaigning for the presidency seemed a man glad to be in the race at last.

After his announcement Wednesday that he was going after the Republican nomination, the New York governor hopped to Iowa Thursday for a day of campaigning.

It was, he said, "one of the most exhilarating days of my life."

Rockefeller was interrupted 16 times by applause in a speech before some 8,000 persons at the University of Iowa as he called for voting at age 18 and a lottery plan to pick draft-ees.

Later, on his way to a fund-raising dinner in Cedar Rapids—another friendly audience—he couldn't sit still in his campaign bus.

Shucking his coat, he kept prowl-ing the length of the bus, his shirt clammy with perspiration, as he spun off ideas and swapped thoughts with a group of students in the back.

Rockefeller planned to return to New York today but didn't disclose where he would appear next in pursuit of the vote.

Richard M. Nixon, who has a head start of months on Rockefeller in the quest for the GOP nomination, touched again Thursday on the "black capitalism" concept he recently introduced.

In a nationwide radio address from Indianapolis, Ind., the former vice president said tax incentives and loan guarantees could help many Negroes to become owners of their businesses and "remove the ceiling from black aspiration."

Nixon is the only Republican on the ballot in Indiana's primary next Tuesday. But the Democratic contest that day continues to grow in import.

Aides of Sen. Eugene J. McCarthy, D-Minn., say that if he wins 30 per cent of the vote in

the three-man competition he will interpret this as a signal to press on in his fight for the presidential nomination.

During a wide-ranging day of campaigning Thursday in Indiana, McCarthy seemed to be saying—or at least suggesting—that he expects to trail Sen. Robert F. Kennedy in the primary.

The third Democrat in the race is Gov. Roger D. Branigin, a favorite son trying to keep Kennedy or McCarthy from getting their hands on the votes the Indiana delegation will take to the Democratic National Convention.

Kennedy also put in a strenuous day among the Hoosiers. One handshake lasted a split second too long as his open convertible was moving through South Bend and the candidate tumbled out onto the pavement.

Afterward, he exhibited a puffed upper lip.

Not entered in the Indiana primary, the third Democrat out to bag the nomination, Vice President Hubert H. Humphrey, continued his efforts to establish an identity separate from, but in harmony with, his job as vice president.

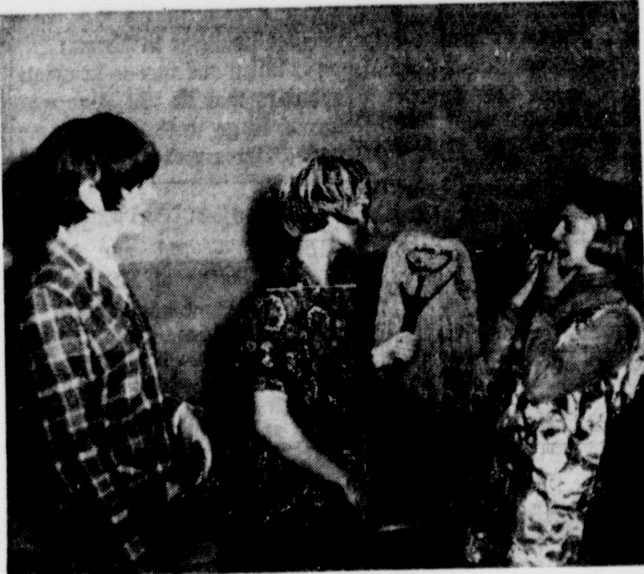

"I shall run on the record of the Kennedy-Johnson, Johnson-Humphrey administrations," he said in Philadelphia, "but I won't rest on it."

Pupil Demonstrations Subside In Cincinnati

CINCINNATI (AP) — Pupil demonstrations subsided in Cincinnati Thursday and Supt. Paul Miller climaxed a day of meetings by agreeing to meet three of the student's demands.

Miller said he would attempt to get all information released on disciplinary action taken previously against four students which triggered demonstrations this week.

The superintendent promised more Negro history, literature and culture would be incorporated into the curriculum at high schools this fall and said alleged unsanitary lunchroom conditions would be investigated.

He made the concessions during a meeting with school board officials, and a principal, teacher and two student representatives from each of the eight high schools.

One of the representatives, member of the Bilingual Intercity Council of School Leaders, said that in light of the day's proceedings, a Negro group pushing the sit-ins said no more would be held.

Demonstrations were held only at City Hall Thursday morning and at a church in the predominantly Negro Avondale section. But a handful of University of Cincinnati students picketed the board of education.

Nearly 120 persons were arrested Wednesday in demonstrations and more than 1,300 pupils were suspended from high schools Tuesday following sit-ins.

But principals of the eight city high schools arrived Thursday at a procedure for rapid reinstatement of students suspended during the protests.

The plan calls for students, who were not cited to court, and their parents to report to auditoriums of various schools Monday morning.

The parents are to sign a statement saying they will be responsible for their children's behavior and that further participation in disruptive activity would result in expulsion from school and possible court action. Pupils also have to sign the statement.

At a session of about 300 parents and other citizens at Christ Church here, Bailey Turner, Avondale Community Council president, issued three demands for the school board to meet within 24 hours, saying parents will "do all we need to do to get them."

Three Indicted In Robbery Plot At Weirton In '63

BUFFALO, N.Y. (AP) — Three men, two of them now serving prison sentences, were indicted Thursday by a federal grand jury on a charge of conspiring to rob the Weirton, W.Va. Savings and Loan Co. in 1963.

The panel returned the indictments against Frederico G. Randaccio, 60, Plasquale Naterelli, 58, and Nicholas Rizzo, 49, all of Buffalo.

Randaccio and Naterelli are serving 20-year sentences in a federal prison following their

conviction here last Nov. 21 on charges of conspiring to rob a hotel and an armored car messenger in Beverly Hills, Calif.

The indictment Thursday charged that the three men plotted during June, July and August, 1963 to rob a messenger for the Weirton financial institution of about \$5,000.

The robbery never took place, the FBI said.

Listed in the indictment as co-conspirators but not co-defendants were Pascal A. Calabrese, 28, of nearby north Tonawanda, and Alfred W. Magrini of Weirton.

The game of curling is of Scottish origin.

In Annual Spring Concert

Choirs To Sing Tonight

PREPARING FOR the annual spring concert tonight are, left to right, Mary Taylor, Connie Green, Marlene Young and Cathy Morris.

The annual spring concert of the East Liverpool High School choir will be held tonight at 8 at Westgate auditorium.

Mrs. Frankie Harris, vocal instructor at the high school, said the three choirs will present a number of selections covering a large area in the musical field.

Among the numbers to be sung by the Sophomore choir are "O Sacred Head Now Wounded," "Stodola Pumpa" and "This Is My Country."

Selections to be sung by the Junior Girls Chorus will include "Elfin Dance," "The Lass With the Delicate Air," "I Passed By Your Window" and "White Swan."

The Concert Choir will present several religious numbers including, "Hallelujah From the Mount of Olives," "Hear My Prayer," "Honor and Glory" and "Glorify the Lord With Me." Other productions will include "Exodus," "Love is a Many Splen-

dored Thing," and "Born Free."

The highlight of the program will be a collection of three songs by Paul Hindemith, "A Swan," "The Doe" and "Since All Is Passing." The three choirs, comprised of 180 voices, will present the finale with "The Battle Hymn of the Republic" and the East Liverpool High School Alma Mater.

Tickets may be purchased at the door.

Write-In Votes Not Counted

Crossover Voting Looms Large In Indiana Primary

By IRWIN J. MILLER
Associated Press Writer

INDIANAPOLIS, Ind. (AP) — Crossover voting may play an important role in Indiana's presidential primary which dictates that write-in votes cannot be counted.

Party crossover voting may prove a big asset to Indiana

Gov. Roger D. Branigin, running as a favorite son candidate against Sens. Robert F. Kennedy and Eugene J. McCarthy in the Democratic ballot Tuesday, Richard M. Nixon is unopposed on the Republican ballot.

Crossing over is not difficult in Indiana, and because Nixon has no opposition and Branigin is personally popular with many Republicans, the governor could get substantial GOP support.

A voter requests the ballot of the party of his choice, and is subject to challenge only by a poll watcher of that party.

If challenged, the voter must sign an affidavit that he voted for a majority of that party's candidates in the preceding general election and intends to do so again in the next general election.

Since the general election ballot is secret, there's no way to prove or disprove his affidavit.

In the case of a person who did not vote in the preceding election, for any reason including age, the affidavit need state only that he intends to vote in the coming general election for a majority of the party's candidates.

State law provides that any paper ballot carrying any distinguishing mark must be thrown out. This has been interpreted as meaning any marking outside the regular squares.

One attorney commented there would be nothing to prevent precinct election officials from keeping a count of how many ballots they throw out, and for what reason. But they couldn't include the figure in official returns.

The question affects the counties which use paper ballots. The other 50 use machines and there is no way to write in on them.

The Balearic Islands became a Spanish province after the Treaty of Amiens in 1802.

Top Winners Are Named In Art Exhibit

An Industry resident and a Midland school teacher captured the top prizes at the fourth annual show of the Crucible Management Club Art League Thursday.

Paintings of William Wentz of Industry won "best of show" and of Mrs. Irene Steinacker of Beaver won "best of beginners" in judging yesterday. Mrs. Emily Karlen, president of the North Hills Art League, was judge.

Both winning paintings were water colors. Wentz titled his "Reflections" and Mrs. Steinacker hers "Quiet Stream."

Wentz is an employee of the Midland Division of the Crucible Steel Corp. and Mrs. Steinacker teaches third grade at Midland 1st St. School.

The show is open to the public Sunday from 2 to 5 p. m. Club members and guests may view the entire Saturday from 7 to 9 p. m. and May 12 from 2 to 9 p. m.

Contract Let By County In Road Project

LISBON — The Ohio Tar and Asphalt Division of Central-Allegheny Enterprises, Inc., of Canton was awarded the bituminous contract for Columbiana County's 1968 road maintenance program Thursday with a low bid of \$121,980.75.

The only other bidder, Edgar Spring, Inc., of New Philadelphia, submitted a proposal of \$125,266.94.

Ohio Tar will furnish 617,527 gallons of blacktop material and load, haul and spread 289,052 square yards of aggregate. The combined length of the summer jobs is 134.45 miles. County Engineer John Ursu's estimate of the bituminous cost was \$123,345.

In other road business yesterday, the commissioners vacated Perry Township Rd. 1089, also known as James Gaston Rd., and the Golf Club Rd. from Depot Rd. east eight-tenths of a mile to the northwest corner of the Carl Spack property.

The petition was signed by the abutting property owners — Robert J. Wilson, president, and R. J. Reasbeck, secretary, for the golf club, and Willis J. Zimmerman. The road is on the Perry - Salem Township line.

Earl R. Miller of Salem, counsel for the petitioners, said the request was filed under a statute which provides that when any public road has been abandoned and not used for a period of 31 years that upon petition of the abutting landowners the commissioners shall order the road vacated.

The commissioners accepted the dedication of a plat of Pennsylvania Ave. in Section 35, Perry Township, at a point where Route 45, when relocated west of Salem, will bridge the railroad tracks. The avenue parallels the railroad and measures 1,913 feet long and 80 feet wide part of the distance and 100 feet wide the remainder.

The land is owned by the Salem Industrial Development Corp., which had approved the plat previously along with the Salem Planning Commission and Perry Township trustees.

Hearing Delayed

EAST PALESTINE — John Roebek, 22, of Youngstown, cited for shooting a wild goose out of season, was scheduled for a hearing Thursday before Judge Barry Dickson, but did not appear. He was cited April 20 in Unity Township by Mahoning County Game Protector Lewis Grubb.

Reign For Prom

Miss Evelyn Weaver reigned as queen and Cliff Slusher as king during the annual Junior-Senior Prom at Stanton High School.

She is the daughter of Mr. and Mrs. Charles Weaver of Empire and he the son of Mr. and Mrs. Cecil Slusher of Irontide.

Approximately 150 attended the event.

The queen was crowned by

Dan Smith, Junior Class president, and the king by Carmella Abdalla, Junior Class secretary, following the grand march.

Music was by Paul Campbell's orchestra. The theme was "Love Is Blue."

Mrs. Stanley Frampton and Miss Lydia Sinkora were advisers.

District 21 Voters May Elect 1st Ohio Negro To Congress

CLEVELAND (AP)—Ohio has never sent a Negro to Congress, but the voters in the 21st District could change that this year.

Half of the 14 candidates in Tuesday's Democratic primary and the three in the Republican race are Negroes.

The parade of candidates to the Cuyahoga County Board of Elections followed an announcement by incumbent Rep. Charles A. Vanik, a Democrat, that he would seek re-election this year in the neighboring 22nd District.

Vanik, in his seventh term as representative of the 21st, an-

nounced the switch after the Ohio Legislature made the district about 65 per cent Negro in realigning boundaries of the state's congressional districts.

Political observers hesitate to predict the outcome of the Democratic race in the 21st, but the front-runners appear to be Leo A. Jackson, a member of Cleveland City Council since 1958, and Louis Stokes, a Cleveland lawyer. Both are Negroes.

Stokes, 43, is the brother of Mayor Carl B. Stokes. Jackson has the party endorsement and also the support of labor and both Cleveland daily newspapers. He is 48.

A recent telephone survey of 2,700 registered voters by the Congress of Racial Equality showed that two other Negroes—Councilman George L. Forbes and Geraldine Lilliams, the only woman in the race—also have strong support.

Mayor Stokes fired Miss Williams in January, after two months as his City Hall secretary, because of her alleged connection with an East Side club accused of selling liquor after hours.

The white candidates include Councilmen Edward F. Katalinas and Jack P. Russell and Robert W. Annable, a white supremacist from Parma Heights.

The rowan tree is the European species of the mountain ash.

Judge Jails Area Driver

A Rogers area man, cited for driving while intoxicated — including forcing an Ohio Highway Patrolman's cruiser off a highway — was fined and jailed by County Judge Barry Dickson Thursday at East Palestine.

Walter Neal Thompson, 27, of Rogers RD 1 was cited by the patrol on Route 30 three miles east of Lisbon. He was fined \$300 and costs and sentenced to three days in jail.

Francis Marion Gardner, 47, of Lisbon RD 4 forfeited a \$300 bond on a charge of driving while intoxicated. He was cited by the patrol on Route 170.

Wayne C. Boso, 27, of Lisbon RD 3 was fined \$100 and costs for intoxication. He was cited for consuming alcohol while a passenger in an auto. A 10-day jail term was suspended.

Others fined yesterday were August Comfort of 2135 Crawford Ave., \$20, and Kenneth Robinson of Main St., Toronto, \$30, traffic light violation; Nicholas P. Como of 971 Church St., \$50, Kenneth Reynolds of Lisbon RD 3, \$40, Charles F. Davis Jr. of 152 Ravine St., \$20, and Eugene Webster of Salineville RD 3, \$10, speeding.

David B. Freedman of 539 W. 7th St., \$20 for unsafe vehicle and \$35 for no driver's license; John J. Sines of RD 2, court costs for lack of a helmet while on a motorcycle; Donald D. Smith of 1036 Riverview St., \$20 for driving left of center, and William Stinson of Lisbon RD 2, \$20 for no muffler.

William B. Bowersock of Lisbon RD 2 forfeited \$20 for speeding.

Senior Citizens Receive Reports On Festival Tour

A report on planned participation in the Tri-State Pottery Festival by members of the East Liverpool Senior Citizens Group was given by William Osborne at the meeting of the group Thursday afternoon at the parish hall of St. Stephen's Episcopal Church. About 128 attended.

June 20 is the day the members will take part in the festival.

It was announced the Tri State Senior Citizens will meet May 15 at Steubenville, and lunch will be served at the Calvary Methodist Church there.

Plans were advanced for a trip to Pittsburgh May 11 when the members will take part in the "Tour of the Three Rivers." The bus will leave the terminal at 11 a.m.

Louis Grogg reported on the low income housing project. Pictures of a recent trip to Hawaii were screened by Dr. Howard Matthews of Chester.

The corsage was won by Mrs. Maude Logan. The group sang "Abide With Me" in memory of Mrs. Laura Andrews.

The choir sang "Whispering Hope" under the direction of Mrs. Ann Osborne with Mrs. Nell Pelley at the piano. J. T. Cunningham, president, presided.

City's Building Inspector Outlines His Objectives

"My purpose will be to preserve property values, reduce insurance rates and risks and prevent hazardous situations which could arise through improper construction."

That was the word today from Chester M. Brown, the city's newly appointed building inspector.

Brown said he will act only in a constructive manner and in no way will attempt to restrict contractors. He emphasized he plans to cooperate with local builders who may encounter problems in complying with the building and zoning codes.

Brown will be notified of new construction through building permits filed with the mayor's office. Law requires that such a permit be filed when changes or new buildings are planned. In addition, he will inspect present buildings and dwellings in an attempt to bring them up to

the city's building code standards. Brown was appointed to the inspector's post Wednesday by Mayor George E. Willshaw. Don Eckert also began his duties as city planning coordinator Wednesday.

Doctors Satisfied With Ike's Progress

MARCH AIR FORCE BASE, Calif. (AP) — The progress being made by former President Dwight D. Eisenhower since suffering a mild heart attack Monday continues to satisfy his doctors.

A late bulletin said "there has been no reoccurrence of any difficulties. Gen. Eisenhower remains at complete bed-rest in the cardiac care unit."

"The general spent another comfortable day," the announcement said.

THE CHESTER JUNIOR high band and choir will present its annual spring concert Tuesday beginning at 7 p.m. in the auditorium. Officers of the band, shown rehearsing for the event, are, left to right, Donna Fryer, Wanda Robinson, Beth Williams and Nancy Amos. Grades 7-9 will participate. The concert is under the direction of Richard Evans, band director.

Cast Handles Roles Well In Wellsville High Play

By HAROLD TAGGART

Approximately 250 attended an excellent performance of "The Tall Story" by the Wellsville Senior Class Thursday in the high school auditorium.

The three-act comedy, with its demanding roles and challenging scene changes, was handled well by the talented cast under the direction of Joseph Caparossi.

Caparossi's ingenuity was evident in the speed and efficiency with which the nine scene changes were made.

The plot unfolds around Dave Long, a basketball player who has everything going for him, including intelligence, athletic ability and attractiveness, until he falls for Penny Pringle, a cheerleader who disrupts his whole life, unintentionally.

Dave's dilemma is taken advantage of by professional gamblers who bribe him to "throw the game" and he attempts to "save face" by failing two examinations.

With the star player "ineligible" the whole school is in a stew, especially Charles Sines, basketball coach, who could have his "career ruined" if Custer College lost the "big game." The coach immediately begins a campaign against the "unnecessary academic branch."

He meets a formidable foe

in a conservative, unalterable professor played by Dick Cheate-wood, who believes he must stand up, even if alone, for "academic integrity."

The professor gains some support from Sharon DeLauder, whose test Dave also failed "just to be sure he would be ineligible."

The clashes of personalities and principles which follow create many humorous moments.

The play will be presented again tonight at 8. Tickets may be purchased at the door.

Meet the Weather Salesman

He is here to bring you a brand new concept in comfort—the Fifth Season. A year used to have four seasons... winter, spring, summer and fall. Now the weather salesman can show you how you can have the Fifth Season... the perfect indoor climate the year 'round.

The Fifth Season is created by an electric heat pump. This remarkable appliance replaces your present furnace and installs quickly to your existing duct system. It heats your home flamelessly in winter, then automatically reverses itself to cool and dehumidify your home in the summer. Because the heat pump is a single system that both heats and cools, it costs less to own and operate than you might think.

You can convert your warm air heating system on the special Electric Comfort Plan with No Money Down, Low Monthly Payments, and a 10-Year Performance Warranty that covers all parts and labor and Satisfaction Guaranteed!

Move UP to the ideal indoor climate of the Fifth Season. Call Your Reddy Kilowatt Recommended Dealer or Us for Details. Ask for the Weather Salesman.

State Pledges New Step For Freeway Job

The Ohio Highway Department has notified Mayor George E. Willshaw that it is prepared to hire a consulting engineering firm for preliminary work on planning the next stage of the Freeway to the east, a move that will save the city all except \$2,500 of the \$50,000 consultant's fee.

The original arrangement called for the city to pay the consultant's fee for updating a 1955 arterial highway survey report made by Michael Baker Jr., Inc., of Rochester. With the state paying the bill, the consultant's fee will be lumped into the project cost and the city's share will be only 5 per cent of the total.

Council is scheduled to receive the so-called "consent legislation" Monday night for the updating of the arterial highway study. The new proposal was explained to the mayor in a letter from Levi (Jack) Kimball, deputy director of the highway department's Division 11 office in New Philadelphia.

Kimball pointed out that the action will rescind an ordinance enacted by Council Nov. 2, 1964, that called for the city to hire the consultant "and clear the way for the state to hire a consultant to update and modify the Baker report."

"After the consultant's modified report has been approved by the city and the state, we will program the project and authorize the consultant to prepare contract plans," Kimball said.

The preliminary Freeway plan will be updated for the entire length of the project — from W. 3rd and Monroe Sts. east to the Ohio - Pennsylvania line. The next stage of the Freeway due for actual construction will take the four-lane highway from W. 3rd and Monroe Sts. into East End.

3 From Newell Attend Parley At Wheeling College

Mrs. Paul LaNeve and Mrs. Denver Beckner represented the Newell Junior Woman's Club and Mrs. J. Carl Durham the Newell Woman's Club at the Northern Panhandle conference for presidents Wednesday at Wheeling College.

The conference was sponsored by the West Virginia University Appalachian Center, West Liberty State College and Wheeling College.

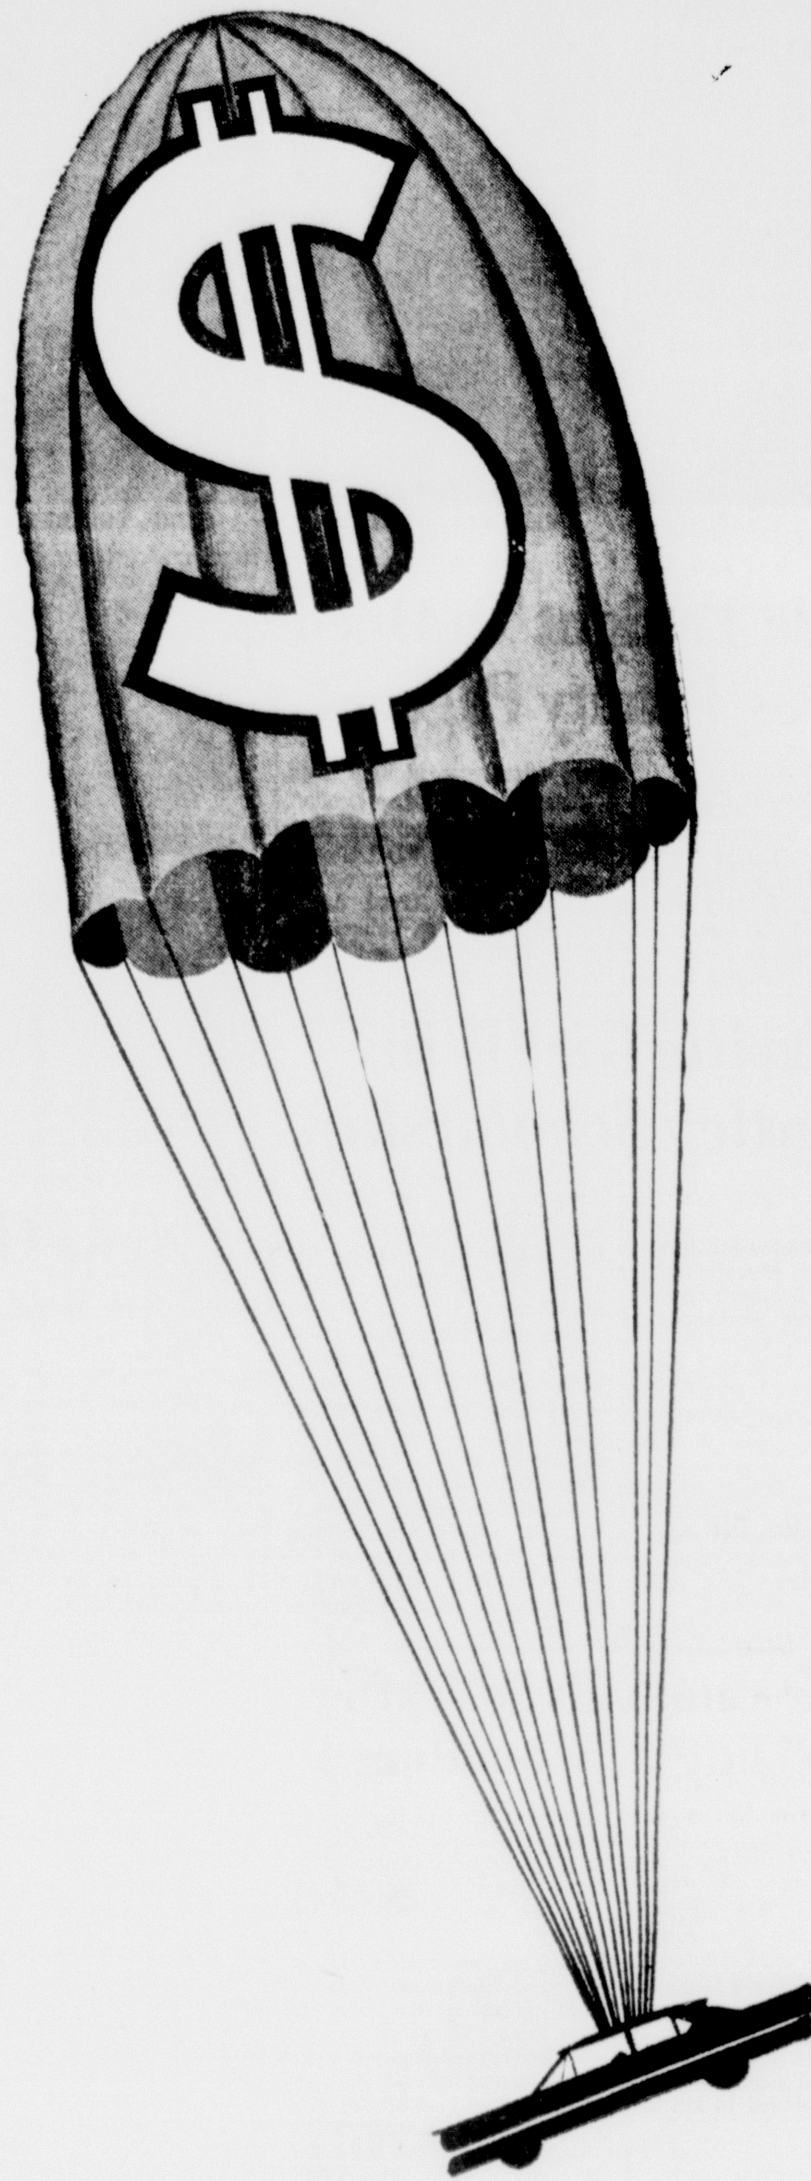

The morning session convened in Swint Lounge with the keynote speaker Mrs. June Wakeford of Atlanta, Ga., regional director of the Woman's Bureau of the U.S. Department of Labor.

Miss Marie Torre, Pittsburgh television personality, was guest speaker for the afternoon session.

A discussion panel included: Dr. Helen Kelly, professor of speech and theater, West Liberty State College; Miss Mary K. Knowles, assistant district administrator, District 1, Department of Welfare; Mrs. Harold Adult, member of the Wheeling Planning Commission; the Rev. David Burch, First United Presbyterian Church, Wheeling; Stanley Harrison, West Liberty drama department, and Marie Torre.

The program was presented under the provisions of Title 1 of the Higher Education Act of 1965.

The objective was to help women take vigorous roles in community development, community affairs and public issues.

Wellsville Girl Wins Wheatley Scholarship

A Wellsville girl has been awarded one of three annual Edwin L. Wheatley Scholarships for advanced education, the International Brotherhood of Operative Potters announced today.

She is Miss Janet L. Maylone, daughter of Luella K. Maylone of 707 Broadway, a member of IBOP Local 24 at Wellsville.

The other scholarships went to Raymond E. Lariviere, son of Ernest Lariviere of Putnam, Conn., and Victor E. Yezpe, son of Jose E. Yezpe of Compton, Calif.

The scholarships entitle the

three to grants of up to \$500 for each of four years at a qualified college or university, provided they maintain passing grades.

The scholarships are awarded in three regions stretching across the U. S. and Canada.

The recipients were selected by a board of administrators comprised of Dr. Arthur Carstens of the University of California at Los Angeles; Dr. A. J. Wann of Ohio State University; Dr. Herbert Levine of Rutgers University and George Barbaree, secretary - treasurer of the IBOP.

Young Man Kills Self After Terrorizing 2, Wounding 1

CLEVELAND (AP)—Twenty-year-old Elton Oatman wounded himself fatally with a shotgun after terrorizing a former girl friend and her 2-year-old son for 2½ hours and wounding a passing motorist Thursday.

Police said Oatman broke into the home of Sharon Crump, 19, about 10:30 a. m. while her parents were at work.

Sharon told her father that Oatman threatened to kill both her and the child.

Oatman fired at least two shotgun blasts inside the house. Sharon said he went outside about 1 p. m., saying he was going for wine.

Oatman tried to flag down a motorist, Joseph T. Clark Jr., 42, of Northfield Center. When Clark did not stop, Oatman fired the shotgun into the rear window.

Clark was reported in fair condition at Marymount Hospital with wounds of the face and right hand.

While Oatman was out of the house, Sharon took her child and sought refuge in a nearby automotive products company office. Oatman re-entered the house, and police found him fatally wounded on a couch. He died a short time later in the hospital.

News Of Salineville

Miss Myrtle Strabley 679-2266

SALINEVILLE — "Ira Rice Day" was observed at the Church of Christ in honor of the 60-year member who will move to the Mount Healthy Christian Home in Cincinnati in June.

Mr. Rice has also been an elder of the church since 1912 and served as church treasurer for 32 years and Sunday School superintendent for 12 years.

A coverdish dinner was held at 6 p. m. in the church. The Rev. Rick Beam, pastor of the church, paid tribute to Mr. Rice and the Rev. H. E. Martin of Granville, Pa. reviewed his association as pastor of the church with the honored guest.

Mr. Rice was presented gifts from the congregation.

Mrs. Ethel Stout and sons of Salem have concluded a visit with her sister, Mrs. Nelle Daley, and Miss Myrtle Strabley.

Mrs. Erma Sweeney of E. Main St. was taken to East Liverpool City Hospital for treatment this week.

Mr. and Mrs. Earl Barcus of Canton were guests of their parents, Mr. and Mrs. Elmer Barcus of West End and Mrs. Olive Johnson of Lincoln St. Twenty-five attended a birthday party in honor of Mr. Nelle Smith of 15 Victor St.

A cake with candles centered the table from which refreshments were served. Gifts were presented by those attending.

Out-of-town guests were Mr. and Mrs. Harry Smith and daughter of Beloit and Mr. and Mrs. Wilfred Smith of Carrollton RD.

Mr. and Mrs. Loren Morrow and family of Alliance visited with Mr. and Mrs. Wilfred Burdip of W. Main St. and Mrs. Olive Johnson of Lincoln St.

Mr. and Mrs. Ray Slagle and daughter Shirley Jean of Minerva visited with her parents, Mr. and Mrs. Charles Sweeney of East Main St.

A. B. Finnicum of Summitville was a guest this week of Ira Rice.

Examiner Cites Faulty Records

LISBON — State Examiner Joseph Bush in his audit of Middleton Township books for Oct. 20, 1962, to Nov. 10, 1967, noted several departures from statutory requirements.

Bonds for four trustees were not approved by a county court judge; no evidence that an inventory had been taken of township equipment; the \$5,000 bond taken out for Clarence E. Lennon, appointed constable May 17, 1967, was not approved by the trustees; nothing in the minutes indicated there was advertising for bids on the purchase of a snow plow for \$1,633.79 in January 1964, and the amount expended from the road and bridge fund, motor vehicle license fund and gasoline tax fund in 1964 and the road and bridge fund and motor vehicle license fund in 1965 exceeded the amount appropriated.

There were no findings in the examination, copies of which are available for inspection at the offices of the county auditor and prosecuting attorney in the courthouse.

The township had budgets of \$40,525 in 1962, \$38,223 in 1963, \$40,409 in 1964, \$44,733 in 1965 and \$44,308 in 1966 — last full year of the report period. The balance at the end of the audit was \$8,157.

Bush said the minute records were properly signed and attested, but "in many instances brief or incomplete." He said the appropriation ledger was not properly maintained.

J. A. Companies Begin Preparing For Liquidation

Junior Achievement companies here are entering the final stages of their 1967-1968 fiscal year at peak business efficiency in an effort to make their annual liquidation pay dividends to all stockholders, according to Jerry Winstead, executive director.

Physical assets of all teenage business groups operating under the Junior Achievement learn-by-doing business training program must be converted into cash not later than June 1 and a report of liquidation must be issued to each stockholder who holds one or more \$1 shares in one of the enterprises, Winstead explained.

"The closing of the books of these groups rounds out a full year of business experience for the young men and women who started last year with an idea, then sold stock to capitalize a business venture based on the idea."

"Between capitalization and final liquidation, they will have had an opportunity to experience each step in the development of a corporate business structure. New companies will be organized in the fall and the same process will be repeated," Winstead said.

Today In Washington

WASHINGTON (AP) — Rep. Jamie L. Whitten, D-Miss., feels there should be a law to keep news media from carrying "very unfair" stories about a community.

In a House speech Thursday, Whitten said a televised news report from Marks, Miss., staging area for one of the marches supporting the Poor People's Campaign in Washington, D.C., concentrated on a rundown Negro area and contained no shots of the town's more attractive sections.

The pictures will have "a very bad effect on the reputation of the city," Whitten said. It should be possible for a community to get a court order to prevent release of such material, he said.

A CBS spokesman in New York said the subject of the program was the Poor People's March "and the Negro neighborhood is where it will be launched. We identified it as a Negro neighborhood. We weren't doing a story about

Marks' substantial neighborhoods."

WASHINGTON (AP) — Secretary of State Dean Rusk has given the House Foreign Affairs Committee an unencouraging progress report on efforts to win the release of the U.S. ship Pueblo and her crew.

The intelligence ship was seized by the North Koreans Jan. 23 and charged with operating in North Korean territorial waters.

"I deeply regret that in 15 meetings at Panmunjom," Rusk told the committee Thursday, "we have not broken through on the Pueblo case."

The capture of the Pueblo, he said, is symptomatic of "the rapidly growing hostility of North Korea, both toward the South Koreans and us."

Capital Footnotes
Government employees convicted of taking part in rioting or civil disorders would be fired and barred from government employment for five years under a bill that has been approved by the House Post Office and Civil Service Committee.

Dr. James B. Rhoads, deputy archivist since 1966, was named archivist of the United States Thursday by the General Services Administration. Rhoads succeeds Dr. Robert H. Bahmer, who has retired.

Capital Quote
"It is obvious that the bill is being moved under a procedure which says the less anyone knows about its contents the better." — Sen. Wayne Morse, D-Ore., commenting on an omnibus crime control bill before the Senate.

Mrs. Humphrey Fine Following Operation
WASHINGTON (AP) — Mrs. Hubert H. Humphrey was reported "getting along fine" at Bethesda Naval Medical Center following pelvic surgery to correct a nonmalignant disorder.

Mrs. Humphrey, 56, was operated on Thursday.

2 Queens Crowned

By Area Fitness Club

Two queens were crowned during a volleyball session of the Tri-State Physical Fitness Class Thursday night at Thompson Park.

Mrs. Shirley Gulutz was recognized for losing the most pounds and Mrs. Earl Brandel for losing the most inches. They received their crowns, a rose, baskets of fruit and gifts of money.

Reservations for the picnic May 22 at Valley Park are to be made with Mrs. Becky Jackson, president.

City Tightens Citations For 'Litter' Laws

Solicitor J. Michael Kapp said today he and Fire Chief Alfred VanDyne and Health Commissioner Jack Bonner have worked out a plan for swifter prosecution of persons who dump litter or garbage on public land or someone else's private property.

Rather than following the prior procedure of issuing notices for a cleanup and then prosecuting if the orders are not obeyed, the new policy calls for immediate prosecution of violators under the City Code, Kapp said. The new policy is effective immediately, he added.

"From this day on, the solicitor's office will coordinate its powers with the chief of the fire department and the Health Board to promote a general cleanup of garbage and refuse disposal within the city," Kapp said. "To implement this cleanup, charges will be filed under the codified ordinances against each individual, whether he be the owner or tenant of property, who unlawfully disposes or places paper, trash, garbage or any form of waste on public property or private property belonging to others."

The solicitor pointed out that the ordinances provide a penalty of up to \$50 for each day of violation.

In the past, the city's policy usually called for the fire chief or the Health Department to serve a notice on an alleged violator, ordering him to abate the nuisance. If the order was not obeyed within a stipulated time limit, the defendant was haled into Municipal Court.

Driver Killed, 20 Children Hurt As Rig Hits Bus

NEW MARTINSVILLE, W. Va.

A half - holiday for 23 grade school children turned to tragedy Thursday when their parked school bus was rammed by a tractor - trailer rig and their driver was killed.

Twenty children were treated at a local hospital and released, one was admitted to the Wetzel County Hospital, and two children were transferred to a Wheeling hospital. One of the latter, Nancy Howard, was listed in critical condition.

Victim of the crash was Thelma Lasure, 30, of New Martinsville.

Police said schools closed early Thursday because it was the day of a big Business and Industry Dinner, an annual holiday in this community. The children were homeward - bound when the accident occurred.

State Police said Mrs. Lasure had climbed out of the bus and was directing traffic when the accident occurred. The children were still sitting in the bus, and the red warning lights were flashing, police said.

The truck driver, William R. Koontz, 43, of Everett, Pa., was charged with manslaughter, treated for a leg injury at a local hospital and released on \$1,000 bond.

GOP Club Holds Candidate Night

LISBON — More than 100 attended the Mid - County Republican Club's "candidates night" meeting Thursday at Village Hall.

Dr. James Sutherland, Martins Ferry physician and candidate for 18th District congressman, was the principal speaker. Sixteen other candidates spoke briefly.

Mrs. Velma Cope of Lisbon, president, announced that the club will distribute sample ballots in Lisbon and Center Township and provide transportation to the polls next Tuesday.

Charles Pike of Lisbon, county GOP chairman, introduced Dr. Sutherland, and Eylee Hinchliffe, vice president, introduced the other candidates. Other speakers were Mayor Clyde B. Pike of Lisbon and Ford McQuilkin of Homeworth, county GOP vice chairman.

Refreshments were served by Mrs. Charles Lewis, Mrs. Forrest McClintock, Dorothy Kettlewell and Esther DeTemple.

Car Hits Girl After Mishap

LISBON — A sixth - grade pupil at McKinley School was struck by a car about 3:20 p. m. Wednesday as she crossed E. Lincoln Way (U.S. Route 30) after her school bus collided with a car.

Barbara Pettigrew, 11, daughter of Mr. and Mrs. Edward S. Pettigrew of the Lisbon-Stuebenville Rd., Lisbon RD 1, received a bruised thigh.

Mrs. Pettigrew said Barbara told her the bus driver, after the collision, told her to go across the street and call the police.

The bus which had been turning from Pritchard Ave. east onto Lincoln Way was part way out in the street. The girl was hit by a westbound car.

She could not recall being knocked down. The car slowed down but did not stop. No one answered the doorbell at the house across the street, so Barbara returned to the bus.

Chief of Police Leon Zahndt said he was called to the accident about 3:25 p. m. and found quite a crowd around the car and bus. He said he did not hear about the girl being struck until this morning. Steve Korode of Lisbon RD 2, the bus driver, was permitted to continue with his passengers. The chief is to talk to him today.

Robert W. Cregar, 20, of 1600 Holliday St., East Liverpool, was driving west on Lincoln Way and started to turn north into Pritchard just as the bus turned onto Lincoln Way. Cregar told police he stopped part way through his turn to permit the bus to turn and the side of the bus scraped the left front headlight and bumper of his sedan.

Burglar Obtains Television Sets

Theft of three television sets and a stereo radio - record player were reported to police Thursday afternoon.

Robert D. Fraser of 337 Jackman St. told police the items were taken from a garage on his property within the preceding two weeks. Fraser, a repairman, said he keeps the sets in the garage to await their return to his customers. The intruder entered through an unlocked door that was held closed by a cement block, officers said.

Meanwhile, Donald Hill of the O. S. Hill Co. on Pennsylvania Ave. told officers yesterday afternoon a camera was stolen from a company owned truck on the firm's parking lot Monday afternoon or evening.

Admiral Claimed

SARASOTA, Fla. (AP) — Rear Adm. Edward C. Parsons, 75, hero of two world wars and commander of the famed Lafayette Escadrille squadron near the end of World War I, died Thursday night. Parsons flew scores of combat patrols in 1917-18 and was awarded several foreign decorations.

The DOCTOR Says

By Dr. W. G. Brandstadt
Encephalitis Symptoms Vary

Q—What is the cause of encephalitis? How does it start? Is it contagious? How long does it last? What is the best treatment? Are there any after effects?

A—Encephalitis (brain fever or sleeping sickness) is the name applied to a dozen or more virus diseases. The symptoms vary with the type but in general include headache, fever, loss of appetite, double vision and lethargy. As the disease progresses there may be dizziness, weakness, mental confusion, convulsions and coma. Since most types are transmitted by mosquitoes or ticks that have previously

Dr. Brandstadt

bitten a victim, the disease is not directly contagious.

RECOVERY begins in about a week. Since there is no specific cure the treatment is aimed at alleviating the symptoms. Some types can be prevented by a specific vaccine. After-effects may occur but they are not the rule. They include paralysis of various muscle groups, mental deterioration, behavior disturbances in children and shaking palsy.

Q—Can one get encephalitis more than once?

A—An attack of one type of encephalitis would confer immunity against that specific type but not against other types.

Q—What are the symptoms and treatment of the diabetes without any sugar in the urine?

A—The cause of this disease, diabetes insipidus, is an insufficient production of the anti-diuretic hormone by the pituitary. As a result, the victim drinks large quantities of fluid and passes a large amount of urine. In several recent studies a variety of drugs have been found to benefit persons with this disease. These include posterior pituitary extract, ethacrynic acid, vasopressin, chlorpropamide, aldactone, chlorothiazide and furosemide. All are prescription drugs.

Q—When one is allergic to penicillin, what can be taken instead?

A—Processes to refine penicillin and get a purer product that is free from allergens are constantly being studied. At present, benzyl penicillin is said to be tolerated by some persons who are allergic to other penicillin preparations. It should not, however be used without preliminary testing on anyone who is sensitive to penicillin. Other antibiotics frequently used on such persons include erythromycin and cephalothin.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Xavier U. President Named JEA Chairman

CINCINNATI (AP) — Xavier University's president has been elected to a two-year term as chairman of the Commission on Colleges and Universities of the Jesuit Educational Association. The Rev. Paul L. During Midland Concert Tonight

Will Honor Deffenbaughs

Mr. and Mrs. C. Lloyd Deffenbaugh, who will retire at the end of the school term, will be recognized by their pupils tonight during the annual spring concert of the vocal music department at Lincoln High School in Midland.

LLOYD'S MUSIC activities during his 39-year teaching career are too numerous to mention. He has earned the title of "Mr. Music Man," and rightly so!

Some of his career highlights include service as rehearsal director of the Pennsylvania All-State Chorus at Irwin in 1938; directing a 400-voice all-Beaver County massed chorus at Aliquippa stadium; directing choruses for the Midwestern PSEA Convention at the Scottish Rite Cathedral in New Castle; conducting group singing for 5,000 teachers at the convention; conducting singing sessions at Beaver County Institutes for several years; and directing or performing in many civic, school and church musical events over the years.

He came to Midland in 1934, and was named music supervisor in 1940.

by a roomful of primary children with a round of applause when I call in their room for my weekly supervisory visit. This happens in a number of rooms.

Lloyd and Olive were married Feb. 9, 1934. They met on a blind date at a college dance.

Mrs. Deffenbaugh started teaching when she was 18. Since coming to Midland, she has substituted in nearly every room in the elementary schools and many of the de-

partments of the high school. She even has taken over the junior high music classes.

Lloyd and Olive served for years as music director and organist for the First Church of Christ in East Liverpool. They have served the Ohio View Lutheran Church in recent years.

The Deffenbaughs say their retirement plans are not firm. They will continue to live in Ohio View and spend some winter months in Florida.

Kuhnlein, Armo Executive, Claimed

MIDDLETOWN, Ohio (AP)—Robert F. Kuhnlein, who joined the Armo Steel Corp. in 1936 and served as engineering and steel operations vice president since 1965, died here Thursday.

A native of Kansas City, Mo., Kuhnlein, 49, was also a director of the A. O. Smith Corp. of Texas and the Commerce Trust Co. of Kansas City.

Kuhnlein, who died at Middle-

town Hospital following an illness of several weeks, is survived by his widow, Norma Lee, two daughters, three sons and his mother.

Mock Corn Bread Tasty

DEAR HELOISE: Here is an ideal recipe for corn bread and sweet milk lovers.

One night while visiting my mother I made corn bread. After it had baked and we were eating it, my mother asked me if I had used corn meal in it...

Heloise

To my surprise I had put in one cup of cream of wheat instead of meal. This baked up just like corn bread.

The way you make this treat is: one corn bread recipe using one cup of cream of wheat instead of corn meal. And one reminder, "be sure to add one-fourth cup of sugar."

MRS. RICHARD BELLAIRE: Now, folks, I thought Mrs. Bellaire was pulling my leg when I read this hint. It seemed so wild that I just HAD to try it.

This gal had some great stuffing in the back of her cranium when she made THIS mistake!

I cooked it eight times the last three weeks using corn-pone pans, heavy iron skillets, non-stick and muffin pans. All were great.

I did find that it was better, and looked prettier, if I added 10 drops of yellow food coloring! Makes it golden and looks as if you were gobbling up the old-time stuff that Grandma used to bake.

I've eaten things made on cloud nine before but never knew there was a tenth cloud...

Here's the recipe I liked the best:

- 1 cup uncooked cream of wheat
- 1 cup sifted flour
- 1/4 cup sugar
- 4 teaspoons baking powder
- 1/4 teaspoon salt
- Mix well . . . and pour in . . .
- 1 cup milk
- 1/4 cup cooking oil
- 10 drops yellow food coloring
- 1 whole egg

Stir gently and don't over-heat it, gals! Grease your pan and bake at 425 degrees until the top is golden brown. It's crisp and crunchy.

So . . . drag out that breakfast cereal, and cook some tonight. You won't be sorry at all. In fact you're gonna love Mrs. Bellaire like I do.

HELOISE.

DEAR HELOISE: When time rolls round for cleaning that

woodwork, try adding about three tablespoonsful of turpentine to the warm, sudsy water in the pail.

Then use this to clean all the dirty corners and the woodwork. There'll be a pretty shine to things as well as a refreshingly clean odor.

MILDRED FARNSWORTH.

It works beautifully. Thanks, Millie. HELOISE. LETTER OF LAUGHTER

DEAR HELOISE: When house cleaning recently, I was desperate for more storage space. Looking out the window at my car sitting in the carport, the light bulb flashed.

A great big empty car trunk . . . why not use that space for storage? My "run-about car" only goes to the store and for errands.

DEAR HELOISE: If you have loose decks of cards lying around, put them in an empty plastic cigarette case. They fit in real nice. Then there is no chance of losing one, or them getting soiled.

BARBARA HARTMAN.

What fun I had loading it up. Slipcovers, extra blankets and spreads — all in plastic bags, of course. Nothing too heavy or anything breakable.

How about that?

A.V.

DEAR HELOISE: When wearing fishnet hose, slip on a pair of footlets BEFORE putting on the hose.

Not only more comfortable but saves wearing holes in the fishnet.

DEBBIE.

DEAR HELOISE: The problems of law enforcement in America were discussed by Atty. John B. McDonald at a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

McDonald, assistant Columbiana County prosecutor, spoke on the theme "Law Day," although he said lawlessness seemed to be more appropriate in 1968, what with school and civic disorders, pornography, drug addictions and other crimes.

He cited the increased difficulty in obtaining convictions in light of rulings by the Supreme Court on the rights of accused.

McDonald commended the city police department, and cited the formation of a detective unit as a real advance.

Ronald Mason, president, reported on a recent visit to Kiwanis International headquarters at Chicago.

Tait Hilbert announced \$415 was netted on a recent pancake supper for community service projects.

Kaycees Plan For Election At Wellsville

A nominating committee was appointed when the Wellsville Council of the Knights of Columbus met Tuesday in the Kaycee home on Riverside Ave.

Elections will be held during the first meeting in June.

In other business, the annual budget for July 1, 1968, to June 30, 1969, was presented by the budget committee.

Members also discussed plans for the 69th annual Ohio state Kaycee convention to be held in the Sheraton - Cleveland Hotel at Cleveland May 17-19.

Delegates to the convention will be Frank Roberts, grand knight, and Sam Amato Sr., past grand knight. Alternates will be John and Anthony Caldo, also past grand knights.

Others attending from the Wellsville Council will be Fred Baldasare, district deputy, and James McPeak, area chairman of administration.

Highlighting the evening was a surprise dinner served by

James Stevens' lectures committee.

A Kaycee social will be held Saturday at 8 in the home, Frank Roberts, grand knight, announced. Music will be provided by Bob Cook and Trio. Lunch will be served by the activities committee, headed by McPeak.

105 Children To Participate In County 'Head Start' Work

An estimated 105 children will participate in the Columbiana County summer Head Start program this year at seven area centers.

The centers will be at the following locations: Wellsville and East Liverpool, two each, Lisbon, Leetonia, East Palestine and Rogers, one each.

This year's program, with the exception of two changes, will be basically the same as last year's, Miss Catherine Franzetta, executive director of the Community Action Agency, reported.

The changes include stress on enrolling only children who will enter school this September. In the past, children in the age range of 3½ to 5 have been permitted to participate.

This change was requested by the Federal Office of Economic Opportunity in view of the time span between Head Start education and actual studies in elementary school, which frequently resulted in loss of the knowledge gained.

The second change is an emphasis on parent participation. The major parent involvement would be during field trips and recreation periods, Miss Franzetta pointed out.

The number of students and centers indicates extensive growth since the program was initiated in 1965. In that year, there were 30 students and one center.

Ninety per cent of those enrolled will be from disadvantaged homes.

Through a \$16,604 federal grant for the summer program,

more than academic projects will be possible this year, Miss Franzetta continued.

In addition to the additional recreational programs, dental, medical and speech and hearing examinations will be available, and whenever possible extensive medical treatment will be given if needed.

The children also will receive a warm nutritional balanced meal each day and will participate in field trips in controlled exercise periods.

Miss Ann Johnston, assistant principal at Westgate Elementary School, will be director of the Head Start program.

The word "unicorn" appears in earlier Bibles but in the revised version it is translated as "wild ox."

BEAMING BILL. Bill Russell is tired but happy after his Boston Celtics defeated the Los Angeles Lakers 124-109 in Boston last night for the NBA title. (UPI Telephoto)

Havlicek Gets 40 Points, Celtics Win NBA Title

By JACK STEVENSON
Associated Press Sports Writer

LOS ANGELES (AP) — Boston's Celtics once again rule the National Basketball Association roost after what Bill Russell terms "one of the greatest victories of all the championships we've won."

The 6-foot-9 player-coach referred not only to Thursday night's 124-109 triumph in the Forum, home of the Lakers, but to the playoffs over-all.

For Russell it meant the first title as a coach after Boston won eight straight under Red Auerbach. The Celtics were beaten out last year by the Philadelphia 76ers.

LA Falls 124-109

Big Bill figures this one of the finest seasons because "this Celtic team is not one of the most talented that I have been on."

Literally, however, they blew the Lakers off the court in the first half to build a 20-point advantage at 70-50. John Havlicek, who wound up with 40, and Bailey Howell, with 30, led the assault.

Los Angeles played poorly in the finale which gave Boston the

series by a 4-2 count, the sixth time in the modern reign of the Celtics that the Lakers have been their final victims.

Boston built a 35-28 first-quarter advantage before the 17,398 in the new Forum and then surged to a 20-point lead early in the second stanza.

Elgin Baylor missed a free throw and incredibly failed on a stuff shot moments later. Havlicek was fouled in the back court, sank two free throws so instead of Los Angeles collect-

ing three points, the Celtics had two. In the space of scant minutes they scored 15 points to a pair for Los Angeles.

Late in the third period, Los Angeles closed to within 11 points at 82-71 and again at 84-73. "I thought we were going to do it when they got down to those 11, but they shot right up," commented Laker Coach Bill Van Breda Kolff.

In the American Basketball Association, the New Orleans Buccaneers and the Pittsburgh Pipers will engage in their showdown battle for the championship Saturday night in Pittsburgh. The best-of-7 series is tied at three victories or each team.

High School Schedules May Be Cut To 25 Games In Pending Referendum

By HAL PARIS
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Ohio's high schools could have their football and basketball schedules curtailed if a referendum now being counted gets enough affirmative votes.

The Board of Directors of the Ohio High School Football Coaches' Association were apprised of that news Thursday night by high school Commissioner Paul Landis.

"We don't think this referendum has a chance to pass but you never can tell," Landis told the directors.

The referendum, initiated by

the principal of Bowling Green High School, would limit to 25 the number of interscholastic contests a school could play in football and basketball.

There would be a maximum of 17 basketball games permitted, meaning a school that elected to go with that figure would only be allowed to play eight football games.

Most schools now can play a maximum of 10 football games and 18 basketball contests, or a total of 28.

Football directors expressed concern that if the referendum passes and the schedules are curtailed, shorter athletic pro-

grams would cut heavily into current revenues.

Landis indicated the results of the referendum would not be known for several days. Its passage would not be effective until the 1970-71 season.

In other action, the directors heard a report from Lou Venditti of Canton Lincoln that both the cities of Canton and Massillon have expressed interest in being the home for an Ohio High School Football Hall of Fame.

The proposed project was tabled until the board's next meeting.

Directors approved honorary

membership for Bud Jones, former Canton Lehigh coach; Stan Lewis, former Middletown coach; Jim Allen, former Newark coach; Jake Von Kanel, former London High School coach, and Ed Chay, a sports writer with the Cleveland Plain Dealer.

Al Scrivner of Lima Senior will step up as president of the 1,500-member OHSFCA today while coaches ballot to elect a first and second vice president.

Perennial secretary-treasurer Carl "Ducky" Schroeder of Massillon was re-elected to another one-year term.

JIM HARRIS

Jim Harris Head Coach At W&J

Jim Harris, East Liverpool native and former East Liverpool basketball coach, was named head basketball coach at Washington and Jefferson College in Washington, Pa., yesterday.

Quiz Correction

In yesterday's Sports Quiz the second question should read "What three players hit TWO home runs onto or over the roof at Forbes Field?"

Harris coached at East Liverpool from 1960-64, posting a 40-55 record. For the last four seasons he has been at Rochester (Pa.) High. He had previously coached at Pettisville and Warrensville Heights. His overall record in 13 years of high school coaching is 161-100.

Harris was the second first-team all-Ohio player from East Liverpool High School and led the Potters to the state semifinals at Toledo in 1946. He went on to star at Baldwin-Wallace.

Harris succeeds David K. Scarborough, who is leaving after 12 seasons to become W&J's associate dean for student personnel.

A single, a sacrifice that turned into a hit, a sacrifice and a bloop single gave Steubenville the needed runs. Dan Myers took the loss for the Beavers, being relieved by Mike Platt, who gave up the winning hit. Jim Smith won in relief for Chuck Watt's team. Misselwitz homered.

Beaver Local had taken a 3-2 lead in the third when Myers walked. Rex Campbell singled, the runners pulled a double steal and Dennis Klembara hit a hot shot through the third baseman's legs to score both runners.

Lovejoy Leads Potters To 9-5 Win Over Mingo

East Liverpool erupted for five runs in the eighth inning to defeat Mingo 9-5 at the losers' field yesterday.

Winning pitcher Bernie Lovejoy led the Potters' attack with four hits and three runs batted in. Dan Cunningham connected for three hits, including a triple, and Jim Musuraca had three hits.

Dan Kristy began the last-inning rally with a single and Bob Bartram doubled. Cunningham singled and stole second. With two out Musuraca, Mike McVay and Lovejoy hit singles to keep the rally going, and Haney and Kristy walked, forcing in the final run.

The Potters had scored the rest of their runs in the third, knocking out starter John Renard and bringing on loser John Angelica. Bartram walked, Kim Kemple doubled, Cunningham singled, Musuraca and Mc-

Vay walked and Lovejoy doubled.

John DiAngelo homered for two runs in the fifth to make it close and Mingo tied the game in the sixth without a hit. Ben DiFabbio tripled home a run in the last of the eighth, but it wasn't enough.

The Potters are now 8-2.

Winner Scores On Error

South Side Gets 3 In 7th, Nips Midland Nine 6-5

A three run rally in the last of the seventh gave South Side a 6-5 win over Midland at South Side yesterday.

Doug Williamson started the rally with a walk. Tom Doak was hit by a pitch and Ron Peden doubled home one run. Greg Butcher walked to load the

bases, and with one out a throwing error by the third baseman on a grounder hit by Johnny Finley allowed the tying and winning runs to score.

Midland had jumped off to a 2-0 lead in the first of a triple by Greg Braund and a homer by Paul Francis. Dave Cox triple sparked a two-run rally that tied the game in the bottom of the first. Losing pitcher George Mraovic had a two-run single as Midland took a 5-2 lead in the top of the second. South Side narrowed the gap in the bottom half and there was no further scoring until the seventh. Greg Trimble of the Rams was the only batter to get two hits in the game.

Francis Nash was the winning pitcher. The win was the first for South Side in the section after two losses, while Midland is still winless.

E. Liverpool Golfers Top Leetonia

The East Liverpool High School golf team snapped its losing streak yesterday with a 6½-2½ or 161-167 win over Leetonia at Valley.

John Stepien fired a one-under par 34 to take medalist honors and two points from Bob Perry, who shot a 38. Stepien bogeyed two of the last three holes and had two putts rim the cup, or his score would have been even lower. Mike Mancuso of the Bears took two points by shooting a 40 to a 45 by Rick Hughes. Bob Kinsey of the Potters took 1½ points from Ed Altomare, though both shot 48s. Bill McHenry concluded the match with two points on a 42 to a 49 from Ted Conrad.

The Potters are now 9-10, Leetonia 3-4-1.

EARL DIDDLE

Earl Diddle Will Attend Ashland

Earl Diddle, high scorer and sparkplug of East Liverpool's 19-2 basketball team this year, has accepted a full scholarship to Ashland College in Ashland, Ohio.

Diddle, who had over 30 offers, was recruited by Ashland coach Bill Musselman and was notified by Musselman Wednesday night of his acceptance. Ashland finished fourth in the NCAA small-college tournament last season and led the country in defense. There is a sign on the wall of Musselman's office "You Came To Ashland To Play Defense", Diddle reports.

Diddle is the son of Mr. and Mrs. Floyd Diddle of the Ceramic Hotel. He also played football at East Liverpool, but will concentrate on basketball at Ashland. He averaged 13.5 points a game for Clint McConnell's defensive-minded Potters this season, and kept opponents off-balance with his quick hands on defense.

At 5-10, Diddle is one of the smallest players ever given a scholarship to Ashland. The Eagles have beefed up their schedule next season and will play Southern Illinois, among others. Diddle expects to do a lot of traveling. Ashland returns only two starters from last season.

Ashland is 20 miles west of Wooster, 116 miles from East Liverpool.

TOM MCCLAIN

Tom McClain To Attend Adelbert

Tom McClain, outstanding player on the Wellsville High basketball team this past season, has accepted an academic and athletic scholarship to Adelbert College of Case Western Reserve University in Cleveland.

McClain averaged about 15 points and 18 rebounds a game, leading the Tigers of Bob Dawson in both categories. Wellsville went 9-11 on the season. McClain was recruited by R. (Buzz) Ellis, basketball coach of Adelbert.

McClain is the son of Mr. and Mrs. Thomas E. McClain Sr. of 210 Seventh St., Wellsville. He is a deacon in the Riverside UP Church.

McClain was honorable mention all-Eastern Ohio this past season and was first team all-Buckeye Border Conference. He also participated in track at Wellsville.

On the academic side, Tom maintained a 4.0 average this year and won the Jaycee 3.7 average award two years. He is a member of the National Honor Society, president of the key club, delegate to the 1967 Buckeye Boys State, winner of the American Legion Americanism and Government test, editor of the school newspaper and member of the prom and homecoming courts.

No-hit Tom Phoebus said he didn't have very much Thursday night but the surging Baltimore Orioles have plenty to show for it today.

In his first start since his no-hitter last Saturday, the stocky right-hander yielded six hits and whipped the New York Yankees 7-3, becoming the first American League pitcher to win four games.

In the only other contests, Minnesota edged Detroit 3-2 on Tony Oliva's 10th-inning single and Boston trimmed California 4-1. Detroit's league lead shrank to a half-game over Baltimore and one game over Minnesota.

Phoebus allowed his first hit with one out in the third inning—a run-scoring single by Horace Clarke. He also served up a two-run homer to Andy Kosco in the eighth.

But he struck out 11 batters, whiffing Mickey Mantle four times, as the Orioles swept their three-game series from the Yankees and won their fourth straight game.

"I felt a little pressure at the

start," Phoebus said. "I wasn't relaxed. I wasn't as sharp as the last time."

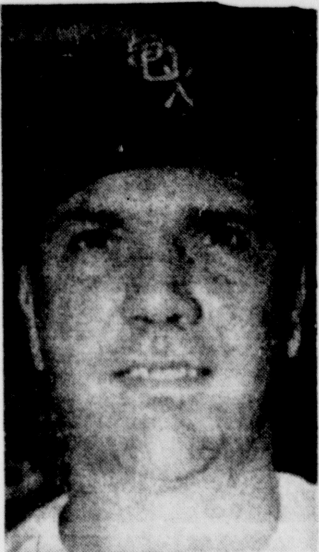

Andy Etchebarren, Paul Blair and Mark Belanger paced the Baltimore attack with three hits apiece. Etchebarren had a homer and Blair knocked in three runs.

Minnesota, which had its game won until Detroit's Jim Northrup homered with one out in the ninth, almost blew it again in the 10th. Reliever Al Worthington loaded the bases with one out but struck out Bill Freehan and Dick Tracewski.

Rod Carew doubled off Tiger reliever Dennis Ribant with two out in the top of the 10th and scored the winning run on Oliva's single. Carew also started a two-run rally in the fourth.

Boston's Jose Santiago allowed only three hits and fanned nine in recording his 11th straight regular season victory since mid-1967.

Ken Harrelson supported him with a single, double, homer and two runs batted in. The triumph ended a four-game losing streak for the defending champion Red Sox.

KEN CUT. The White Sox yesterday released Ken Boyer, who was picked up last season from the New York Mets to give the Sox some punch. The former National League star third baseman was hitting only .125 this year with the White Sox. (UPI Telephoto)

Fires 6-Under 65

Jack Nicklaus Leading Houston Champions Golf

By PAUL RECER
HOUSTON, Tex. (AP) — Golf-er Jack Nicklaus, without a tournament victory for the year and far down the list in official money winnings, said he came to the Houston Champions International ready to win. After the first round Thursday, nobody stepped up to argue the point.

He fired a six-under-par 65 in the first round of the \$100,000 Champions tournament to grab the lead by one stroke.

Nicklaus toured the 7,166-yard champions golf club course with six birdies and no miscues.

"These must be my kind of greens," the 28-year-old Columbus, Ohio pro said. "The ball rolled good. I drove the ball well and, of course, I putted well, too."

Nicklaus edged Dan Sikes who had a 66.

Roberto de Vicenzo, the Argentine who lost a tie for the Masters title this year through a bookkeeping error, moved to

within a stroke of the Nicklaus pace before fading.

De Vicenzo posted a card that included two eagles and three birdies. One eagle came on what the Argentine called "a short putt of 100 feet." The other was on a 35-footer. On the back nine he got two bogeys and fell to a tie for third with George Archer, Tom Weiskopf and Miller Barber at 67.

Recalling the Masters' incident, De Vicenzo cracked to newsmen, "I check my score card very good today."

Al Geiberger and Bob Murphy set course records with front nine scores of 31, five under par. Geiberger finished with a 68, tied with Fred Marti and Hugh Royer.

Murphy bogeyed 11, 17 and 18 to drop into a crowd of golfers knotted at 69. Among those tied at 69 was Gary Player, the South African who was considered a mild favorite to win here.

Iron Ruler Draws 1

Forward Pass Draws 13, Still Favored At Derby

By ED SCHUYLER JR.
Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — Jimmy Conway is hoping Francis' Hat will make Saturday another very special May Day.

Henry Forrest is wondering if a certain post will block Forward Pass' way to the Kentucky Derby winner's circle.

And 12 other trainers are saddened with their private hopes and fears as they await the 94th running of America's foremost horse race.

May Day for Conway does not fall on the first day of the month, but on the fourth. The last time Conway trained a Derby horse was the last time it was run on May 4, in 1963. He saddled Chateaugay, the winner.

"I hope this May 4 is a good day for me," Conway said Thursday after making Francis' Hat, owned by Al Lippe's Saddle Rock Farm, an official part of the 14-horse field entered in the 1 1/4-mile classic.

The post Forrest is worried about is post position 13.

"We weren't very lucky in the draw," said the trainer for Mrs. Gene Markey's Calumet Farm.

In Forward Pass' five victories this year, four of them in stakes, he started from the No. 1 through No. 4 post positions. In his three losses, he broke from the No. 5, 7 and 10 slots.

The post position did not keep Forward Pass from being made the early 8.5 favorite for the race which will go off at 4:38 p.m., EDT. It will be televised

from 4-5 p.m. and carried on radio from 4:20-4:50 p.m. by CBS.

If all 14 start, the Derby will have a gross value of \$165,100, with \$122,600 to the winner.

Jockey Ismael Valenzuela will be looking to get Forward Pass a good break, while Howard Grant will be trying to help Francis' Hat touch off Conway's May Day celebration.

The second early favorite is Peter Fuller's Dancer's Image, who will be ridden by Bobby Ussery, and the third choice is Mrs. Montgomery Fisher's Proper Proof, to be ridden by Johnny Sellers.

October House Farm's Iron Ruler and Cain Hoy Stable's Captain's Gig drew the fourth shortest odds in the early betting line.

Iron Ruler will start from the No. 1 position—"it's the shortest way home," said trainer Eddie Yowell—and will be ridden by Braulio Baeza. Manny Yezza will be aboard Captain's Gig.

The other 3-year-old colts, and their jockeys, in the field are:

T.V. Commercial from Millard Daldheim's Bwamazon Farms, Howard Grant; Charles Englehard's Jig Time, Ray Broussard; Mrs. Joe W. Brown's Kentucky Sherry, Jim Combest; Alfred Hunt and Richard Scaife's Trouble Brewing.

Frank C. Sullivan's Te Vega, Mike Manganello; Don B. Wood's Don B. Don Pierce; C.V. Whitney's Gleaming Sword, Eddie Belmonte, and Mac Gluck's Verbatim, Angel Cordero Jr.

Southern Forfeits

Stanton Whips Mingo, Reese, Penn Win Two

Stanton yesterday rolled to its fifth consecutive Indian League track win by crushing Mingo 94-49, but Southern Local had to forfeit to Jefferson Union because of other commitments.

Hopedale topped Cadiz 82-70 and Brilliant downed Springfield 87 1/2-64 1/2 in other meets.

John Reese and Calgary Penn were double winners for Harry Diehl's Red Raiders. Reese took the high hurdles in 16.7 and the low hurdles in 22.4. In addition Reese teamed with Doug Koeklein, Bob Holland, and Keith Reese to take the shuttle hurdle relay in 1.00.

Penn took the 880 in 2:05.1 and the mile in 4:45.

Mike Patterson won the 440 in :54.4 and anchored the mile relay team of Paul Russell, Wilbur Carothers and John Minor that won in 3:44.9. Cornell Maydack took the long jump in 18-2 1/4. Richard Bell won the high jump at 5-4 and John Minor annexed the pole vault at 10-0.

Brine Stops Spitball

Fast-baller Nolan Ryan Mows Down Phils 3-0

By RON RAPOPORT
Associated Press Sports Writer

Nolan Ryan has some advice for John Boozar. Pickle brine. It keeps you out of spitball trouble with the umpires.

The Great Spitball Controversy erupted again Thursday night in the midst of the New York Mets' 3-0 victory over Philadelphia.

Phillies' reliever John Boozar was beginning his warmups in the seventh inning and was amazed to hear umpire Ed Vargo yell, "ball one."

"How can he be charged with a ball on a warmup pitch?" screamed Manager Gene Mauch. "He went to his mouth inside the 18-foot circle of the mound," said Vargo, "and that's a ball anytime."

A discussion ensued with Mauch ordering Boozar to spit on his hand twice more and Vargo calling balls two and three and ejecting the by-now bewildered pitcher.

Mauch inquired what would happen if Dick Hall, who replaced Boozar, should commit the same offense.

"I'll forfeit the game to the Mets," said Vargo, ending the discussion. So by the time Bud Harrelson of the Mets finally got up, the count was 3-0.

Ryan, the winning pitcher who allowed just three hits in the seven innings he pitched, said he stays out of trouble because of the pickle brine prescribed by trainer Gus Mauch to treat blisters on his pitching hand.

"I don't like pickles," said Ryan, who was lifted after throwing 136 pitches and striking out 10. "But the brine is doing the job. I keep dipping my finger in a jar of the stuff."

"Only trouble is I don't like the smell. It bothers me, especially when I bring my hand to my mouth. Outside the 18-foot circle, of course."

In other National League games Thursday, Los Angeles outlasted Atlanta 2-1 in 17 innings, Houston blanked St. Louis 4-0, Chicago shut out Pittsburgh 1-0 and Cincinnati downed San Francisco 6-2 in 11 innings.

Bob Bailey drove in two runs with singles 11 innings apart as the Dodgers won the longest game they have played since moving to Los Angeles 10 years ago. The Braves tied the game in the ninth on Felix Millan's run-scoring infield single.

Denny Lemaster threw a three-hitter at the league-leading Cardinals and the Astros broke Nelson Briles' consecutive victory string of 13. He had won four this season and nine at the end of the 1967 campaign. Briles singled in the sixth for the first St. Louis hit.

Johnny Bench came up with a bases-loaded single with two out in the 11th to break open the Cincinnati-San Francisco game and before the inning was over the Reds had scored twice more. Willie McCovey and Jim Hart each hit his fifth homer for the Giants.

Joe Niekro Blanks Pirates For Cubs, 1-0

By BOB VOELKER
Associated Press Writer

PITTSBURGH (AP) — The only one who almost scored on Joe Niekro was some crazy kid who jumped out of the stands. Here was the situation:

The Pittsburgh Pirates were at bat in the bottom of the ninth inning, trailing the Chicago Cubs 1-0. There were two outs, Maury Wills on third base, and Willie Stargell was coming to bat.

Then, the kid goes into his act.

He jumped out of the right field stands, clutching some kind of a pennant. He dashes onto the playing field, and all action stops — except for the cops.

The cops chase the kid. The kid circles the bases, his pennant flapping like a battle flag. The kid rounds third base and heads for the plate.

He gets about 10 feet from the plate, and three cops pounce on him real hard. The crowd boos, and the kid is led off the field.

Action resumes. Niekro pitches to Stargell who pops out — and the Cubs win 1-0.

Normally, kids like this aren't worth mentioning because it happens a lot. But this kid picked the most dramatic spot in the game to play his little game.

Wills was the only Pirate runner to get as far as third base Thursday night, and the home crowd was electric with anticipation.

Niekro was asked whether the kid nerved him. He laughed and said: "No. I wouldn't have minded if the kid reached home, just so Wills didn't."

The young right-hander pitched

a sterling six-hitter, and ran in to his only touch of trouble in the ninth inning. During the rest of the game, he was in solid control.

"It was the first time this year I had good stuff through the whole game," explained Niekro. "My slider was really working good. I was keeping everything down low. The hits they got weren't much."

Niekro got the only run he needed in the sixth inning when Ernie Banks cracked his fourth home run of the year off loser Jim Bunning.

It was Niekro's fourth victory of the year against one defeat, and continued his dominance over the Pirates. Last year, his first year in the majors, he beat Pittsburgh three times without losing.

Bunning, losing his second of four decisions, gave up 11 hits in the eighth inning he pitched. He ran through the raindrops in the early innings, but the Cubs couldn't score until Banks unloaded his homer over the left field wall in the fourth.

Incidentally, the Pirates said the kid would be turned over to the Pittsburgh police and fined \$50.

Graebner Leads Off Davis Cup

By ED YOUNG
Associated Press Sports Writer

RICHMOND, Va. (AP) — Clark Graebner was the first Yank on the firing line today as the United States marched into the 1968 Davis Cup tennis wars, but he shouldered the psychological burden lightly.

"They tell me I'm the man on the spot," said the tall, bespectacled Graebner, at 24 the nation's fourth-ranked amateur. "But nobody had to tell me. I knew it already."

"I still say if we all don't win, there can be no possible excuses."

Graebner's foe in the first singles match of the U.S. team's opening round American zone skirmish here with the British Caribbean team was the best player the visitors possess — Richard Russell, 21.

ABC Hopes To Narrow The Gap

Things aren't as bad as they may have looked for a while at ABC, according to the network's new president (as of last January), Elton Rule.

He isn't denying that ABC next season may still be the "third network," but predicts the gap between NBC, CBS and his ABC will be closed considerably.

"We can never be first until the redistribution of the affiliated stations or the Ultra High Frequency stations become a force, since we have a majority of the U's," Rule points out.

RULE CITES as an example that in 18 cities ABC has only five very-high-frequency band stations while in those same cities CBS has all 18 VHF's and NBC has 13. ABC has tried in the past to get the Federal Communications Commission to redistribute the UHF and VHF stations more equitably among the three networks, but to no avail this far.

Although all manufacturers were forced by law to include UHF tuners on TV receivers a few years ago, the set owner still must retune for the UHF stations. Besides, millions of old sets are operating yet with no UHF tuners.

This means that in the national Nielsen rating race ABC can't possibly be first, as Rule says. Also, ABC has only 150 basic affiliated stations, while CBS and NBC both run around 200.

"WE HAVE TO BE better than NBC and CBS to be competitive," says Rule. "And I believe we will be this coming season."

Rule calls his new program lineup for next season "unconventional," but in one way it is more conventional than the past season. He's cutting the number of specials nearly in half, for example, which means from 85 to 45 for the season.

"The specials didn't pay off for us this last year. Each time we pre-empted our regular programs for specials, it took weeks for that regular program to gain back the rating points it lost," Rule explains.

"Specials hurt habit programs, in other words. We'll have them, but they'll be really special like our 'Africa' and Jacques Costeau programs."

RULE ALSO SEES more stability in the coming season programs and says hopefully ABC won't get into a "second season" in January, which incidentally was a phrase coined by ABC a couple of years ago to cover up the fact they had so many mid-season failure shows to replace.

All three networks, he admits, will have second season replacements to make, but they'll be kept to a minimum.

"The way we're working with

the producers now, we can detect the bad ones before they get too smelly and do something about changing their direction before they get on the air," Rule maintains. Just how you do this, he was not too clear about. Perhaps he has a program man whose judgment is infallible.

BESIDES EIGHT new program series which Rule contends deserve the "unconventional" label, he says ABC conventional coverage of the two political parties is the most unconventional yet and will make a dent in the competitors' ratings in August.

"As you know, we're doing a 90-minute highlight wrapup each night from 9:30 to 11 on the day's events, and we believe this will be far more exciting than having to sit and watch hours and hours of dry speeches and roll-taking," says Rule, "and pre-empting regular programs which people want to see."

He could be right. It will depend on how exciting the conventions turn out this year. At present it looks as if they might be the most exciting in several election years, which if true could mean also that ABC picked the wrong year for its boil-down.

RULE IS in Hollywood now for ABC's meetings with its affiliated station managers, his first since assuming the presidency of the network. For a man running the "third network," he exudes confidence.

He's going ahead as if that merger between ABC and International Telephone & Telegraph was never talked about, much less killed by the government's antitrust division.

"Oh, yes, and I forgot to mention," Rule adds, "that ABC has the best movie titles this year of any of the networks."

\$800,000 Blaze Hits Cincinnati

CINCINNATI (AP)—Firemen fought a roaring blaze Thursday that destroyed the Friedman Furniture Warehouse, but kept flames from spreading to a building containing paints and lacquers.

Damage to the heavily stocked building by the fire, believed to have been arson, was set at \$800,000 to \$900,000 by Fire Chief Bert Luganani.

About a half dozen persons were injured but none seriously. Safety Director Henry Sandman said that police took into custody a group of teen-agers caught near the fire in a stolen car.

Witnesses told Sandman they saw the group throw bottles into the front of the building.

The first of five alarms involving 125 firemen from 35 fire companies was reportedly turned in by a teen-aged boy who was being questioned by police.

The building contained furniture, rugs and carpeting and other household items.

Boy Scout News

Greg Betteridge received the "Arrow of Light," the highest award in Cub scouting when Pack 59 met Tuesday night at the Yellow Creek United Presbyterian Church.

Bobcat awards were presented to Chuckie Netti, Donald Deem, David Bailey and Richard Phillips. The wolf award was received by Stephen DeFilippo and the gold arrow point, the silver point and the bear award by Jeff Pelley.

Wolf gold arrow point was awarded Tom Bailey, with Kevin Byers receiving the gold arrow and the silver arrow points.

In Webelos, Greg Betteridge won the scientist award. David Buzzard the scientist, athletic and scholar awards and Mark Adney scientist and athletic awards.

Jeff Pelley led the pledge of allegiance and the singing of the Star Spangled Banner. Dick Adney, troop leader, introduced the new Cubs and reported about \$111 realized from the sale of Easter candy.

Bill Betteridge thanked the committees for their cooperation and introduced the new committees. He also appealed for more volunteers to assist in the program. Chadwick Kelly was received as a new Cub.

"Keep America Beautiful" was the April theme, with the following dens participating: 1. Mrs. Margaret Jackman, den mother, a song; 2. Mrs. Lois Betteridge, den mother, skit, "Don't be a Litter Bug".

Webelos demonstrating experiments were David Buzzard, Brent McPherson, Mark Adney and Greg Betteridge. Ronnie Byers and Jeff Pelley crossed over from Cub Scouts to Webelos. The meeting was concluded with the group singing of "America". Den 1 received the He Wee attendance trophy.

Refreshments were served by den mothers, Mrs. Jackman and Mrs. Jean Dinch. The next meeting will be May 28 at the church.

Awards were presented at the meeting of Cub Pack 30 at the Salvation Army Tuesday night. Recipients were Jeffrey Shaw, bobcat; Danny Allison, one-year pin and silver arrow; Terry Rudibaugh, one-year pin, and Tom Wakefield, gold arrow.

Bryan Kays was graduated from the Cubs to the Scouts

and was presented a certificate. A miniature pack flag was made to represent the new pack flag the group is purchasing. A fund-raising project is being conducted by the boys and parents to raise money to pay for the flag.

Robert Duke, cubmaster, announced that he ordered a new state flag also. In conjunction with the April theme, "Keep America Beautiful," the boys will clean the church yard Saturday.

Den 5 presented a skit on nature and Robert Kays, den chief, led the pledge to the flag. The parents joined the boys in the singing of "God Bless America." Refreshments were served by Den 1.

The next pack meeting will be May 27 and the theme will be "Davy Jones Locker." Those attending are asked to be dressed in pirate attire.

W. Va. Bridge Falls
Under Rig's Weight
BARRACKVILLE, W. Va. — Maple Point Bridge over Buffalo Creek near here collapsed Thursday under the weight of a tractor-trailer rig loaded with steel rods.

The tractor-trailer dropped about 50 feet into the creek injuring the driver, James Lupo, 52, of Harrisburg, Pa. He was taken to Fairmont General Hospital for treatment of scalp lacerations and observation.

The truck and its load was estimated to weigh 20,000 pounds. Weight limit on the bridge was 10,000 pounds. The State Road Commission is investigating.

The word "comet" comes from the Latin word for "hair."

FENCING

RED BRAND costs less

... because it lasts longer

Actual weather tests have proved that Red Brand fence lasts longer — saves money in the long run. Only Red Brand fence has the "Galvanneal" zinc coating over copper bearing steel wire... double protection against rust. We have a stock of Red Brand fence on hand, in various gauges and heights. SEE US.

Junior Editors Quiz on
STATIC ELECTRICITY

QUESTION: Why does static electricity do such strange things?

ANSWER: Inside a tiny atom is a central nucleus with one or more electrons circling around it (black balls in picture). Some of these electrons may be free. When a wire is connected to two poles of a battery, these free electrons move into nearby atoms, a process which continues right around the wire; this is an electric current (bottom). But another way electricity works is called static electricity. The main picture shows this at work. Mary rubbed a comb briskly across a piece of wool. Some of the electrons in the wool were picked up by the comb. Electricity may be either negative or positive. In this case, the comb became charged with negative electrons, so the comb became charged with negative electricity. Then Mary held the comb over some bits of paper. These have no electric charge. But it is a rule in electricity that opposites attract each other, so the charged comb attracts the paper, which lifts off of the table, and sails up to the comb. This seems like magic. Try it!

ANN LANDERS

Mother Moves Right In

Dear Ann Landers: Two years ago my husband's father passed away. My mother-in-law, who always had treated him like dirt, suddenly became the most grief-stricken woman of the 20th Century.

She cried, screamed, fainted, faked, threw herself on everybody — especially her eldest son, my husband.

The biggest mistake of his life was saying to her at the funeral, "Don't worry, Mother, you'll never be alone. You can count on us."

By Ann Landers

She took him up on it right then and then moved into our home the following week.

She couldn't bear to part with her dining room set so mine had to go. Her new freezer and refrigerator, which we could have used, went to her daughter.

She had such strong sentimental attachments to her pictures, vases, throw rugs, and other assorted pieces of trash that she had to bring them along. Our once lovely home now looks like a second-hand junk shop.

I could stand it if all she ruined was the looks of our home, but she's ruining my health and my marriage and our relationship with our children.

Although this woman has a lovely large room she's never in it. She sits in on every conversation and voices her opinion on matters which do not concern her.

When I call my husband, SHE answers. When I call my children, SHE answers. When I speak to her she doesn't hear me. Please tell me what to do. My mother-in-law is driving me nuts. — SINKING FAST.

Dear Sinking: It doesn't sound like a drive to me, lady. It sounds like a putt. And small wonder. Two years is a long time to be imprisoned in your own home.

There's only one solution to your problem — find your mother-in-law another place to live. And don't say you can't afford it. It's cheaper than sending you to a mental hospital — or maintaining separate roofs for you and your husband after you've filed for a divorce.

A Tight Spot

Dear Ann: My 20-year-old daughter is expecting her husband back from Vietnam in May. She has not seen him in more than a year.

Unfortunately, she's pregnant and the baby is due just about the time her husband is scheduled to come home. He knows nothing of his wife's condition.

For financial reasons Maryanna is getting her maternity care at a military base. I understand from what I've read in the papers that the Red Cross notifies the men overseas when they become fathers.

I've begged my daughter to write her husband and tell him of her condition but she refuses to do so. I just hate to have the Red Cross representative tell my son-in-law he's a father when he knows the child can't possibly be his.

Is there any way we can stop the Red Cross from relaying the message? Thank you for your assistance. — TROUBLE IN THE FAMILY.

DEAR FAMILY: Your daughter ought to discuss this problem with the chaplain of the hospital where she'll have the baby. She should explain the circumstances and ask him to intercede on behalf of the young man. It would be a shattering blow if he received the news in that manner.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Redline, Lindsey Among 30 Named To Health Group

Two district men are among 30 West Virginians appointed by Gov. Hulett C. Smith to the state's first comprehensive health planning advisory council.

They are Jack Redline, president of the Weirton Steel Corp., and Robert G. Lindsey Jr., of Wellsburg, superintendent of Brooke County schools. Lindsey formerly was assistant superintendent of the Hancock County school system.

The council will advise state health agencies, identify health needs in the state, review applications for planning grants and other allocations for funds.

Banquet Awaited By Midland Band

The annual banquet for members of the Lincoln High School Band at Midland will be held Sunday at the Holiday House.

Members are asked to be at the high school forum by 3 p.m. Bus transportation has been arranged. The buses will return about 11 p.m.

The banquet is being sponsored by the Band Boosters. Officers will be elected at the next meeting. Mrs. Joseph Prodonovich, Mrs. George Smith and Mrs. Stephen Francis, members of the nominating committee, will present the slate. Installation will be in June.

Midland Area News

Mrs. Charles McClure

Arrangements for the annual presidents' dinner May 15 at Didio's Restaurant were reviewed during a meeting of the executive board of the Midland Women's Club Wednesday night at the home of Mrs. Guy E. Gengarella.

Mrs. John F. Shovlin III said reservations must be made with her by Monday. New officers will be installed at the dinner.

Mrs. John Kilcayne reported on the planting of the flower beds at Lincoln Park. She said mock orange bushes have been planted. More planting is scheduled.

Mrs. Bill Yee was co-hostess. Mrs. Vincent Monaco, finance chairman, said the club will hold a rummage sale May 13 and 14 at the old Martell building. The proceeds will be for the Fourth of July float. She also reported on the success of the hot lunch program at Presentation School April 24.

The club donated a book to the new library at Presentation School.

Mrs. Edward Richards will be chairman of a booth at the annual Dixmont carnival July 19. The theme will be "Frontier Land".

Rites To Be Monday For Senator's Mother

TOLEDO, Ohio (AP) — Services will be held Monday in Rosary Cathedral for Mary H. King, mother of State Sen. Frank W. King, who died Thursday in Mercy Hospital. She was 78.

Mrs. King, a resident of Toledo for 65 years, also is survived by four other sons and three daughters.

Gov. John Winthrop introduced the table fork into America in 1640.

Fatal Beating Erupts Fierce Gang Clash

CLEVELAND (AP) — The fatal beating of a 19-year-old youth touched off a violent gang clash on Cleveland's West Side Thursday night, leaving 11 persons wounded by gunfire.

No serious shooting injuries were reported.

The shooting, which police said apparently was done by one person using a shotgun, erupted an hour and a half after 19-year-old Donald Garner died in St. John Hospital.

Eight persons—including a 50-year-old man and his 18-year-old son—were picked up by police for questioning.

Police said Garner, who had been friendly with members of one of the two feuding gangs, was beaten Wednesday night. Garner's mother said she was told he was beaten with a pipe, but police said they were told a baseball bat was the weapon.

"I prayed all day yesterday that he'd be allowed to live," said his mother, Delia Garner. "That's all I wanted. But the doctor told me, if he had lived, he would have been retarded because they beat his brains in with a steel pipe."

The other sons of Joseph and Delia Garner have been killed in accidents since 1960—one in a motorcycle accident, the other in a fall from a tree house.

Police said members of Garner's gang, which was not identified by name, went to the home of a member of the opposing gang, known as the Trest Boys, and that the shooting followed.

Among those wounded were 81-year-old John Venishek, and his daughter, Beatrice Venishek, 48, who apparently were hit by stray shotgun pellets as they stood on their front porch near Trent playground.

The other victims were teenage boys.

Civilization in Europe first developed on the island of Crete.

James Marlow, Columnist, Dies

WASHINGTON (AP) — James Marlow, who for 25 years wrote the award-winning column "The World Today" for The Associated Press, died Thursday. He was 64 and had been in poor health for some time.

Marlow, a newspaperman for 41 years, wrote his column from Washington. It was an unusual one.

The column did not predict. It did not pretend to pass on "inside" information. It was neither pretentious nor pontifical.

Instead, the writer tried to explain events, to put them in context in an interesting and factual way. This required exhaustive research; Marlow read more than 45 books for a series analyzing Winston Churchill's impact on history.

He pioneered in interpretive writing.

The Republican ticket, opposed by Lloyd Berresford Jr., 26, of Kensington, a former coal miner who now is doing graduate work for a master's degree in history at Kent State University.

The Democratic candidates for state representative are John E. Donnelly of Salem RD 2, a maintenance mechanic for the Mullins Manufacturing Co. at Salem; Roy Allen, 26, of Columbiana, a printer at The Review, who ran unsuccessfully for the same post in 1966, and C. Robert McNally of 366 E. Lincoln Way, Lisbon, a supervisor in the sales order department of the rolling mill division at the E. W. Bliss Co. in Salem.

THE FIELD in the GOP race for the treasurer's nomination is made up of Fayson E. Miller of 1237 Highland Ave., Salem, a management consultant and a former Lisbon councilman, and Mrs. Virginia M. Shipley of Stewart Rd., Salem, a technician at Salem City Hospital.

County Treasurer Vincent C. Judge is unopposed for nomination for his seventh term on the Democratic ticket. He resides at 261 W. Lincoln Way, Lisbon.

Four Democratic incumbents are unopposed in their bids for renomination. They are:

Recorder John P. Wargo, 29, of 344 E. Chestnut St., Lisbon, seeking a second term; Engineer John Ursu of 791 Jennings Ave., Salem, also seeking a second term; Clerk of Courts Carl L. Stacey of 676 Fairfield Ave., Columbiana, bidding for his third full term, and Dr. William A. Kolozsi of Salem, asking return to the coroner's post he has held since 1959.

THE REPUBLICANS have unopposed candidates for three of the offices but no aspirant

for coroner. The candidates are: For recorder, Mrs. Velm Cope of 376 E. Lincoln Way, Lisbon, a reporter for the Lisbon Journal and secretary of the Columbiana County Agricultural Society (Fair Board).

For engineer, Bert A. (Hush) Dawson Jr. of N. Shady Ln., Dr., Fisher Park, an engineer at H. K. Porter Co.

For clerk of courts, Robert J. Dutcher of Salem RD 3, a machine shop foreman at the E. W. Bliss Co. in Salem who ran for county commissioner in 1964.

Republicans have three unopposed incumbents. They are: Common Pleas Judge Raymond S. Buzzard of 2759 St. Clair Ave., seeking his third year term; Sheriff Russell J. Van Fossan of 380 E. Main St., East Palestine, asking his fourth term, and Prosecuting Atty. J. Warren Bettis of Salineville, bidding for his second term.

The Democratic candidate for sheriff is Forrest Young of Salineville RD 2, a constable in Franklin and Wayne Townships and Summitville village marshal.

Democrats have no candidates for Common Pleas judge or prosecutor.

Juveniles

(Continued from Page 1)

were made for cities where juvenile divisions do not exist. Juvenile officers will be part of the regular police force.

At present, juvenile offenses here are handled by an officer from the Columbiana County Juvenile Court and, because of the number of cases throughout the county, the aide is not always available in East Liverpool.

The Youth Commission will assist police departments in the program with an in-service training session, Johnson said.

Police departments receiving grants this year may again be considered for similar grants next fiscal year depending upon legislative action and evaluation of the program.

"This is the newest of our subsidy programs," Johnson said, "and we are hopeful that through the employment of police officers specially geared to deal with youth, another step in creating local resources will be established making local services more available and perhaps institutionalization less necessary."

The local proposal has the endorsement of School Supt. Paul Blair and Juvenile Judge Louis Tobin, Mayor Willshaw said.

Other cities scheduled for grants are Fostoria, Piqua, Maple Heights, Cuyahoga Falls, Fairborn, Xenia, Berea, Eastlake, Cambridge, Shaker Heights, Warrensville Heights, Findlay, Belleaire, Ashtabula, Coshocton, Franklin, Struthers, Zanesville, Forest Park and Mentor.

Firemen

(Continued from Page 1)

limits of the River Rd. project were not spelled out exactly. As it stands now, the western end of the project will begin on Broadway at E. 3rd St., then extend along the River Rd. toward Ralston's Crossing.

Council also will consider a so-called "consent ordinance" clearing the way for the Ohio Highway Department to hire a consulting engineering firm to update an arterial highway survey made in 1955 — the first step toward construction of the next Freeway stage into East End.

The arterial study, which

spelled out the rough outlines of the overall Freeway plan, was made by the firm of Michael Baker Jr., Inc., of Rochester. Since the study is 13 years old, it must be updated and modified before detailed construction plans are drawn for the next Freeway stage from W. 34th and Monroe Sts. to a point near Mulberry St.

The highway department has agreed to hire a consultant to update the arterial study. The original agreement, made in 1964, required the city to pay the consultant's fee.

COUNCIL also will receive legislation officially establishing the salary of Don Eckert, planning coordinator, at \$8,000 a year and providing \$4,000 for his expenses.

The post was created in late April and the figures for salary and expenses had been agreed upon informally, although never spelled out in legislation. Eckert started work officially on Wednesday.

Legislation also is due to provide another \$800 to cover a contract for installing new roofing on Central Fire Station. The lone bid for the project exceeded by \$800 by amount previously provided.

Council will act on resolutions calling for payment of two bills against the city — a \$15 claim from Mr. and Mrs. Vincent Maola of 525 Wedgewood St. and a \$303 bill from Everett Switzer of Louisville, Ohio, as an aftermath of a collision between his vehicle and a street department truck.

Vietnam

(Continued from Page 1)

losses were put at 27 killed and 99 wounded.

Added to reports from Hue, 45 miles to the south, these figures bring casualties from this week's fighting in South Vietnam's northeastern corner to more than 1,370 enemy and 110 allied soldiers killed and 563 allied troops wounded.

Friday's day-long fighting involved a battalion of the U.S. Army's 196th Light Infantry Bri-

gade, sent to reinforce badly battered Marine units. The infantrymen called in artillery and Air Force fighter-bombers in reply to the enemy's barrage of 120 mm mortars and small arms fire from trenches.

Two Americans were reported killed and 22 wounded in the action.

In air raids on North Vietnam's southern panhandle, U.S. pilots reported destroying 31

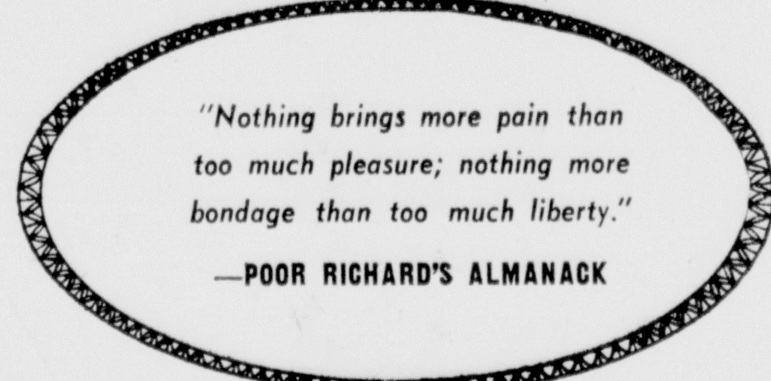

trucks and an estimated 80,000 gallons of fuel in 108 missions Friday as weather in the area improved slightly.

Marine intelligence officers said they believe the North Vietnamese are trying to envelop Dong Ha and cut the Cu Viet River supply line to other demilitarized zone bases—Quang Tri, Camp Carroll and Khe Sanh.

The sharp fighting in the

northeast and around Saigon came as North Vietnam and the United States agreed to hold preliminary peace talks in Paris.

Authorities in the South Vietnamese capital still are looking for another enemy assault on the city but there was no sign that Friday's battles were part of a major Viet Cong push.

Lions Club Hears Talk On Exchange Students

Mrs. Barbara Morris discussed the Experiment Project and the related ASPAU program and 1968-69 officers were nominated during the Lions Club luncheon at the Travelers Hotel Friday.

Mrs. Morris, Experiment Project chairman, said the program was launched in 1960 in conjunction with the African Scholarship Program of American Universities on the theory that "to live with one another is to know one another."

THROUGH Experiment, African exchange students are assigned homes where they can stay during vacations and between semesters. The "homestay" helps the student become acquainted with everyday experiences of an American family and creates better understanding between the two nationalities.

Mrs. Morris said that after living with an African student "you think of him as a person and no longer see him as a Negro."

The program was started partially through the efforts of African students who sent letters,

since termed "blue letters" to the United States, requesting an opportunity to visit and study in the country.

Their wishes were realized through the combined efforts of several organizations and the government. Besides Experiment, support comes from the native country which pays for the transportation to the United States.

The sponsoring college or university, of which there are about 10 in Ohio, pays the exchange student's fees and tuition and the Agency for International Development provides room and board and spending money.

THE STUDENTS are selected in their native country by U. S. officials. Mrs. Morris pointed out. The primary criteria determining who will be chosen is the person's leadership ability, she added.

From a meager beginning with 24 Nigerian students in 1960, the program has expanded greatly and now includes a few girls, Mrs. Morris said.

One of the major problems confronting the students, who frequently speak excellent English, is the idiomatic expressions used in America, Mrs. Morris concluded.

During the business session, Ralph Compas, read the names of those selected by the nominating committee to serve as officers for 1968-69.

Named were: Fred Kane, president; Fred Yonz, first vice president; Compas, second vice president; Robert Harris, third vice president; Pete Todd, treasurer; Jerry Rose, lion tamer; Ed Valor, secretary, and Don Wolfe, treasurer.

Nominated as directors were Richard Allison, James McKinnon and James Sigler.

The election will be held next Friday and the installation banquet is tentatively scheduled for June 15, Charles Haugh, president, announced.

In other reports, Ray Betteridge said all the brooms have been sold and termed the sale "a huge success."

4-H News

Judy and Kathy Huston of Wellsville RD 1 received the Buckeye Belles 4-H Club Thursday evening.

The girls discussed participation in the county safety speaking contest and made plans for a skating party.

Judy Huston presented a demonstration on "setting the table." Membership cards were distributed and 4-H camp dates announced.

The Huston sisters served refreshments during the social hour. The next meeting will be May 23 at the home of Sandy and Jean Kelly.

Titled Vehicles Third Highest In County Records

LISBON — New cars blossomed out in Columbiana County last month in the greatest profusion in nearly two years.

The clerk of court's office at the Courthouse titled 691 new vehicles (value \$2,185,960), compared with 561 in March this year and 555 in April a year ago.

Office records show the 691 figure is third high behind 734 in March 1966 and 702 in June the same year.

The title department issued 5,319 auto titles, 137 duplicate titles, 1,201 memorandums, 104 duplicate memorandums, 1,905 notations of liens, 1,643 cancellations of liens and 2,163 acknowledgments. All the figures exceed those for the corresponding month last year.

Clerk of Courts Carl L. Stacey said he paid the county treasurer \$12,773 in fees collected in Common Pleas Court and the Car Title Department.

Stacey said the state treasurer was paid \$18,887 from the collection of sales and use tax, \$92,907 from the dealer's tax, \$2,758 for car title fees and \$1,281 for inspection certificates.

Eighty-two civil cases were filed last month in Common Pleas Court, compared with 76 in April last year.

2 Cars Damaged In City Collisions

Two cars were damaged in a pair of minor East Liverpool traffic mishaps Friday afternoon, police reported.

A collision on Dresden Ave. 50 feet north of Smith St. at 1:03 p. m. involved a 1966 two-door sedan driven by Bert A. Dawson Jr., 27, of N. Shady Ln. Dr. and a 1963 four-door sedan operated by Elsie Scibilia, 63, of 1056 Claiborne St. Dawson was driving south on Dresden and the woman was pulling from a parking place. The mishap damaged the right rear quarter panel and door of Dawson's car.

A mishap at 12:05 p. m. at Bradshaw Ave. and Fawcett St. involved a 1964 model truck driven by Ben Glogar, 55, of 645 Bradshaw Ave. and a Yellow Cab Co. taxi operated by James G. Duck, 41, of 235 W. 2nd St. There was damage to the right rear fender of the taxi.

Nursing Unit Sets Meeting

The East Liverpool City Hospital nursing committee will hold its Past Graduate Day and all-day institute next Friday from 8:30 a. m. to 4 p. m., with dinner at the Holiday Inn, near Newell, at 6:30 p. m.

The program will begin with coffee time at 9:15 a. m. at the nurses' residence at the Metch-Harker building, with Judge Louis Tobin discussing the legal aspects of nursing.

The movie, "Prescription For Life," will be screened at 10:15 and continual demonstrations will be offered by leading companies on equipment available for intensive care units. The program will adjourn from 11:30 to 1 p. m. for lunch.

Dr. K. W. Turner will launch the afternoon program with a talk on "Post Anesthesia Complications."

At 2 p. m., Dr. J. W. Scholnic will speak on "The Coronary Patient". At 3, the movie shown in the morning again will be screened, with a discussion of problems related to the intensive care unit.

All registered nurses in the area are invited to attend the entire program or any phase of it. No registration fee is charged and reservations are not necessary for the all-day institute. Reservations for the dinner can be made by calling Mary Diddle or Norma Hogue.

Pennsylvania Coed Killed, 3 Others Hurt

PITTSBURGH (AP) — A Slippery Rock College coed was killed and three other coeds injured when the car they were riding in was crushed by a truck on the Pennsylvania Turnpike.

Cathy Reese, 18, of Scottsdale, was pronounced dead on arrival at Pittsburgh's North Hills Passavant Hospital Friday afternoon.

Injured and listed in fair condition at the hospital are Cheryl McBride, 18, of Mt. Pleasant in Westmoreland County, Linda Manns, 20, of Ruffsdales in Westmoreland County, and Carol Pyle, 20, of Rockwood in Somerset County. Miss McBride was operating the car.

New Castle Firm Finishing China For White House

NEW CASTLE, Pa. (AP) — In a room at the Shenango Chinaware Co. workers are putting the final, delicate touches on some of the most carefully handled china in the country. They're making a new set of dishes for the state dining room of the White House.

The project has spanned 2½ years and the 2,256 pieces are to be delivered this month.

The cost is about \$80,000. But don't fret, taxpayers. The White House Historical Society is paying.

There are 216 settings of 10 pieces each and each setting is costing about \$325. Also, there are 96 serving bowls.

In case you're wondering what makes up a set of White House state dining room china, here's the list—service plate, dinner plate, luncheon plate, fish plate, salad plate, cup and saucer, cream soup cup and saucer and deep soup plate.

Taucher Leads East Palestine To County Track Victory

HURRYING HOFFMAN. Ted Hoffman of East Liverpool snaps the tape to break the Columbiana County two-mile record in 10:12.9 at the county track meet at East Palestine last night as an official timer clocks the Potter distance star.

Hoffman Breaks 2-Mile Record

Review Sports Editor
BY TURK PIERCE

Ted Hoffman of East Liverpool set a county record in the two-mile, Marv Kinsey set a school record in the discus, and Geoff Lowe scored a double win in the 880 and mile, but Jim Taucher of East Palestine provided the big thrill at the Columbiana County Track Meet at East Palestine last night.

Taucher made a dramatic 12-9½ pole vault, breaking the oldest county record, an incredible 12-8 by Lowell Allen of Salem in 1928. Taucher also won the broad jump and the 180 low-hurdles, and was the meet's outstanding performer. He also finished third in the 220, but was disqualified for protesting his starting position. His winning vault came on the third attempt.

East Palestine was an easy team winner, with 68 points. Columbiana took Class A honors with 39 points, while East Liverpool and Salem were next at 38. The Potters were edged out of fifth in the last event, the mile relay. Coach Jim Render claimed one of his runners was boxed in by an East Palestine runner. Beaver Local had 19 points, United 17, Crestview 11, Wellsville 8, Leetonia 2 and Southern and Lisbon failed to score.

John Frederick took a third in the pole vault, Bill Hopper was second in the 440, Mike March second in the high jump and Joe Arcuragi third in the 120-high hurdles for the Potters. Kinsey's discus heave was 137-2, breaking his own record, while Hoffman's two-mile time was 10:12.9. The old two-mile record was 10:37.4, set by Greg Manning of the Potters in 1966. Hoffman was pressed by Wellsville's Ken Kornbau until the last lap, when the Potter ace sprinted and won by about 50 yards. Bob Mesmer of Leetonia and Keith Steiner of Beaver Local, who hold their school records, finished fourth and fifth, making four record-holders in the top five.

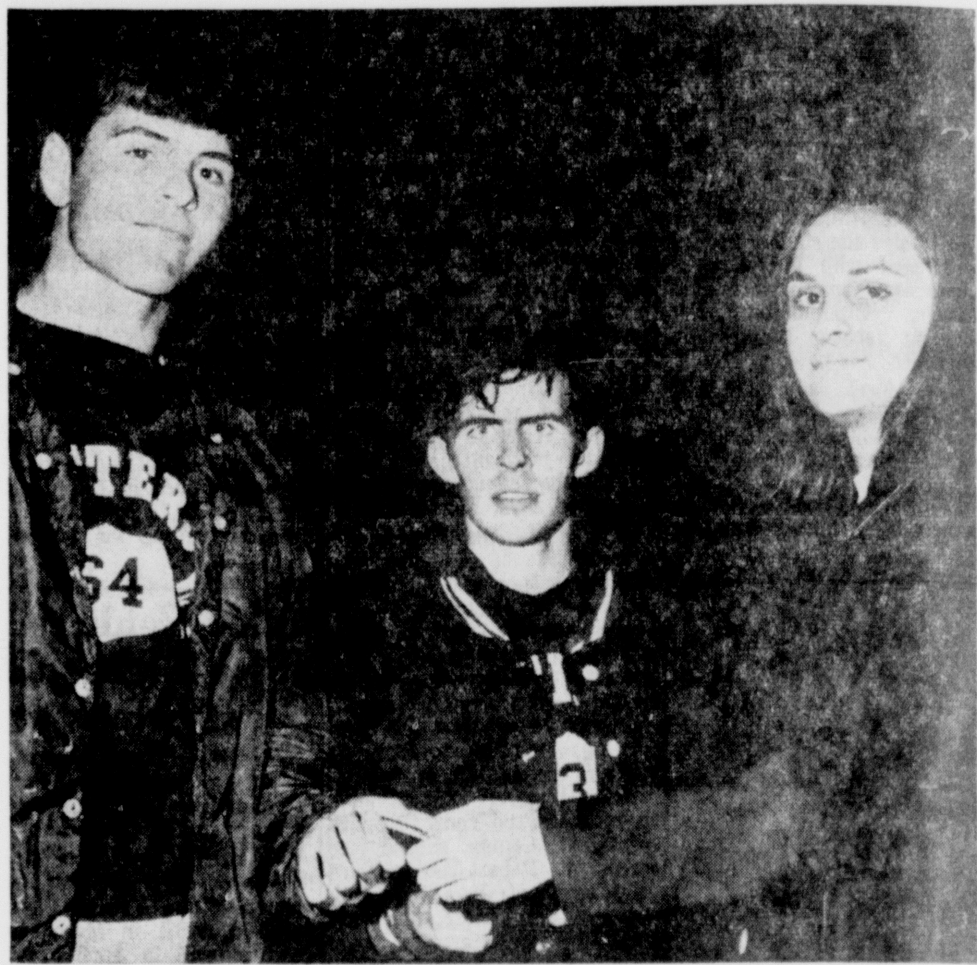

Lowe's victories were also both impressive, as he won the mile by about 15 yards and the 880 by about 10 yards. Another double winner was Gary Schmidt of Columbiana, who took the 100 in 10:2 and the 220 in 22.1. The Clippers won both the 880 and mile relays and had another first place finisher in Al Barber, who won the 120-high hurdles. Jim Nuzum of Beaver Local took the 440 in 53.2, and ran a fast anchor leg on the mile relay, nearly catching the Columbiana runner. Terry Lipp of East Palestine won the broad

jump and freshman Dan Russell of Salem was shot put.

Blanks Twins, 4-0

By HAL BOCK

Oops. The dropsy syndrome caught up with Tom McCraw and Jerry Stephenson but good. McCraw, Chicago's usually smooth-fielding first baseman, caught the disease worse than Stephenson, the young Boston pitcher.

McCraw suffered through a nightmarish three-error third inning that set up three unearned runs for New York and helped the Yankees to a 3-2 victory over the White Sox Friday night.

Stephenson spent a good part of the second inning of Boston's game against Oakland on his knees, creeping around the mound searching for a contact lens. He never did locate it but the Athletics found him, all right. They battered Stephenson and four successors for 15 hits and a 7-2 romp over the Red Sox.

In other American League games, Cleveland shut out Minnesota 4-0, California nipped Cleveland 6-5 and Baltimore belted Washington 6-1.

McCraw had contributed a double to a two-run White Sox rally that staked Joe Horlen to an early lead. Then came the fateful third inning.

Gene Michael opened with a grounder to first which McCraw fumbled. Error No. 1. Winning

Tiant Hurls 2nd Shutout

pitcher Bill Monbouquette sacrificed and Michael advanced to third on Horace Clarke's hit.

Roy White bounced to McCraw, who lost the ball as he started to throw it home. Error No. 2. Then he recovered it and flipped to first which no one was covering. Error No. 3. Michael scored on the play. Clarke went to third and White to second. And McCraw had tied a record for errors by a first baseman in one inning.

Mickey Mantle was intentionally walked and Andy Kosco's single delivered two runs, enabling the Yankees to take the lead.

Monbouquette, discarded a year ago as washed up, won his fourth game in five decisions. Horlen, a 19-game winner in 1967, dropped his fifth straight.

Stephenson fell to his knees after delivering a pitch to Rick Monday in the second inning against Oakland. Soon he was joined by other players and the umpires, looking for the lost contact lens. At one point, equipment man Don Fitzpatrick pitched in with a flashlight.

But nothing helped in the search for the lens or the battle to beat the A's. Catfish Hunter pitched a five-hitter and Reggie Jackson and Hunter smacked three hits apiece, leading Oakland's attack. Ken Harrelson's two-run homer in the ninth

spoiled Hunter's bid for a shutout.

Luis Tiant hurled his second straight shutout—blanking the powerful Twins on just three hits. He struck out nine.

Larry Brown tagged a home run for the Indians and Jim Kaat, working in relief, made his first appearance of the year for the Twins. Kaat allowed one hit in three innings.

Curt Blefary socked a three-run homer and Mark Belanger had a bases empty shot helping Baltimore past Washington. It was the fifth straight victory for the Orioles.

Dave McNally pitched a four-hitter marred only by a booming home run off the bat of Frank Howard that sailed into the upper deck in center field at D.C. Stadium.

Willie Horton slammed a pair of home runs for Detroit but the Tigers still bowed to California. The Angels beat Mickey Lolich, pushing across three runs in the sixth inning to take the lead for keeps. Paul Schaaf drove in two runs for California.

Oak Glen Nips Beavers 3-2

By TURK PIERCE
Review Sports Editor

Oak Glen edged Beaver Local 3-2 in the ninth inning at Newell yesterday in a game that saw the Golden Bears benefit from two questionable interpretations.

Low Brown went from hero to goat for the losers, who are now 9-4, Oak Glen is 2-5, with two wins in a row. Craig Whittington survived seven errors by his teammates to get the win in a route - going effort. He held the Beavers hitless for 5-1 innings and yielded just five hits and one walk.

Brown tied the game at 2-2 with two out in the seventh on a pinch hit, but made two errors to give Oak Glen the winning run in the ninth. Terry Boyd started the ninth by flying to left, but Brown dropped the ball after a hard run and Boyd hustled into second. With one out Dave Anderson singled

to left, and the ball got through Brown. Boyd fell rounding third, but was helped up by the base coach, which should have resulted in an out, and scored easily, as Anderson's drive rolled deep to left. Reliever Bob Flint took the loss.

Oak Glen should have won the game in regulation innings. With two out and none on in the seventh, Gary Klembara hit a smash up the middle. Shortstop Boyd made a sensational driving stop, but firstbaseman Jim Wells dropped his throw and Klembara was safe. Bob Madish got a hit and then Brown singled to left, scoring pinch-runner Mike Smith with the tying run.

The Beavers appeared to have gone ahead in the top of the ninth. Madish was on second as the result of an error with two out. Brown hit a grounder to third and Karl Sayre threw

wildly. A spectator caught the ball and threw it back on the field, but Madish was allowed only third base. Whittington got Allen Waite on a grounder to end the inning.

Oak Glen scored in the first off starter Joel Petkovich. Anderson walked, Sayre singled and Steve Staley doubled in a run. The Beavers tied the game in the second when Dennis Klembara walked, stole second and scored on two errors. Oak Glen took the lead in the fourth when John Manypenny was hit by a pitch and Boyd got a windblown triple. Petkovich got the next two batters without further damage, however.

The Golden Bears also had a threat in the seventh. Whittington singled, was sacrificed to second, but was cut down trying to go to third on a wild pitch. Sayre walked and George Whitaker singled, but Flint got pinch-hitter Vic Reed for the final out. Whitaker had three hits, including a double.

Sikes, Nicklaus All Even At 134 In Houston Event

HOUSTON (AP) — Dan Sikes, the Jacksonville, Fla., golfing lawyer, believes autumn is the time to watch football, not play golf. And he's determined this fall to be watching passes, not making punts.

The 37-year-old pro tied Jack Nicklaus Friday for the second-round lead in the \$100,000 Houston Champions International Golf Tournament.

Sikes fired a 33-55-68 to go with a first round 66 for a 36-hole total of 134. Nicklaus, one of golf's top money-winners, had a 69 to go with an earlier 65. Their two-round total is eight under par.

Sikes, a lanky, slow-talking southerner, had a shot at a solo hold on the lead, but blew it on the final hole when his second

shot found a bunker. He chipped to within four feet but missed the putt for a bogey.

Sikes is 12th among the season's money-winners with \$34,014.

He said he likes to play in hot weather, starting with the Florida swing of the tour in the spring, but tries to make enough money to quit when the trees turn.

"If I win enough money, I go home and watch football," he said.

The 18th hole on the 7,166-yard Champions Golf Club course smashed several chances among the leaders Friday. Only Roberto de Vicenzo among the top four parred on the hole.

He and Miller Barber finished one stroke back of the leaders, with 135.

Wuycik Picks N. Carolina Out Of 350

AMBRIDGE, Pa. (AP)—High school basketball super-star Dennis Wuycik has picked the University of North Carolina out of 350 scholarship offers.

The 6-foot-5½ Wuycik scored 1,834 points in three years at Ambridge High, averaging about 27 points per game.

He was picked on the first team of Parade Magazine's All-America 40-man squad of Scholastic Magazine.

In addition, he was named on the Pennsylvania Associated Press first team the past two years. In the season before last, he led Ambridge to a 27-0 record and the Pennsylvania state Class A championship.

Last season he scored 721 points for a 32.8 game average. He once scored 50 points in a game.

Wuycik, 18, is a National Honor Society pupil and president of the senior class at Ambridge. He plans to follow a liberal arts course at North Carolina and eventually study law.

Wuycik said Friday night he signed a letter of intent with North Carolina. He said he had narrowed his choice of schools to North Carolina, Duke and Princeton.

He was the second standout player signed from the area this week by North Carolina. Signed earlier was Bethel Park basketball whiz Steve Previs.

Derby Favorite Is Forward Pass

By ED SCHUYLER JR.
Associated Press Sports Writer

LOUISVILLE, Ky. (AP) — Calumet Farm sent Forward Pass against 13 other prime 3-year-olds today in a bid to win its first Kentucky Derby in 10 years.

In fact, it was the first Derby for Calumet since Tim Tam won in 1958.

Favored Forward Pass went into the race with four stakes victories this year, including the Florida Derby and the Blue Grass.

Post time was 4:38 p.m. EDT. CBS carried the 94th running of the Derby on national television from 4-5 p.m. and on radio from 4:20-4:50 p.m.

Although it was the 94th Derby, as always there was nothing old hat about it.

For instance, it was a new and unforgettable experience for 11 owners, eight trainers and four jockeys.

Five gray colts were entered — Peter Fuller's Dancer's Image, C.V. Whitney's Gleaming Sword, Peter Kissel's Iron Ruler, Charles Engelhard's Jig

Time and Mrs. Montgomery Fisher's Proper Proof.

The jockeys who were making their first appearances in the Derby were Howard Grant on Millard Waldheim's T.V. Commercial, Buck Thornburg up on Alfred Hunt and Richard Scaife's Trouble Brewing, Mike Manganello on Frank C. Sullivan's Te Vega and Angel Cordeiro aboard Max Gluck's Verbatim.

Rookie trainers and their horses:

Anthony Basile, T.V. Commercial; Mac Miller, Jig Time; Alcee Richard, Mrs. Joe W. Brown's Kentucky Sherry; Bill Stirling Jr., Trouble Brewing; George Berthold, Te Vega; Jerry Meyer, Verbatim; J. Lee Mosbacher, Proper Proof, and Lou Cavalanis, Dancer's Image.

It was a first Derby for every owner except Mrs. Brown, Whitney, Mrs. Gene Markey, who operates Calumet, and Capt. Harry F. Guggenheim, who entered Captain's Gig.

Among the first-time owners was Al Lippe, who ran Francis' Hat.

Hannum To Coach Oaks; Lee Named Warrior Pilot

OAKLAND (AP) — The Oakland Oaks of the year-old American Basketball Association have a new coach—Alex Hannum, 20-year veteran of the rival National Basketball Association.

They made him executive vice president and minority shareholder as well, it was announced Friday. Hannum received an eight-year contract.

Across the bay, San Francisco Warriors' players nominated a former teammate, George Lee, to be their new coach. Lee has been assistant coach of the NBA team for three years after playing on it for 10 seasons. Owner Franklin Mieuli said he and Lee probably would talk contract next week.

Lee would succeed Bill Sharman, who signed earlier this week as coach and vice president—and presumably a minor stockholder—of the Los Angeles Stars of the ABA.

Sharman succeeded Hannum as Warrior coach two years ago when Hannum went to the Phil-

Giants Rally In 9th To Nip Cards; Pirates Tripped Up, 3-2, By Phils

By RON RAPOPORT

Associated Press Sports Writer

Curt Flood, who usually plays the part of a singles hitter for the St. Louis Cardinals, made his debut as a slugger Friday night.

But two of San Francisco's power hitters, the Messrs. Mays and McCovey, rang down the curtain on the act with a couple of most timely one-base hits.

The Cards led the Giants 4-2 in the ninth inning Friday night, thanks to two home runs by Flood, who hit only five all last season. Steve Carlton was having little trouble disposing of the Giant batters.

But Ollie Brown led off the ninth with a pinch single and, after Jack Hiatt struck out,

Brown moved to second on Jesus Alou's infield single. Orlando Cepeda threw out Ron Hunt, the runners advancing, and the Cards were just one out from victory.

Enter Willie McCovey. The big Giant slugger delivered a slow grounder up the middle into center field and suddenly the game was tied.

Now Willie is not exactly the fastest man in the world. Last year, for example, he stole just three bases. Imagine the Cards' surprise, therefore, when they looked up and found McCovey grinning at them from second.

Mays' turn. Carefully, the fabled slugger worked Carlton to a 3-2 count and then sent a single through the third-base side

of the diamond, scoring McCovey.

In other National League games Friday night, Los Angeles edged Cincinnati 4-3, Houston beat Atlanta 5-3 and Philadelphia nudged Pittsburgh 3-2. The New York Mets and Chicago Cubs were rained out.

The Giants' victory cut the Cardinals' league lead to 2½ games over the San Franciscoans. Juan Marichal, who went the distance, ran his record to 4-1. Carlton is now 2-1. Mike Shannon also homered for St. Louis.

Luis Alcaraz' tie-breaking single capped a three-run Dodger rally in the sixth before 50,506. Bat Night fans in Dodger Stadium. The Reds missed a

chance to tie in the eighth when, with none out, Alex Johnson left third too soon on Vada Pinson's fly to right and the Dodgers appealed.

Jim Wynn and Rusty Staub hit consecutive homers for the Astros in the third inning after Felipe Alou's mental error opened the gates to a four-run inning. Alou mistakenly thought he had caught the third out in center and by the time he discovered it was only the second, two runs had scored.

Mike Ryan's single in the ninth drove in the winning run for the Phillies after Rich Allen and John Briggs singled and Bill White walked, all with two out.

Pipers Meet New Orleans In Title Tilt

PITTSBURGH (AP) — The Pittsburgh Pipers are now accustomed to the noise created by the mobs who've turned out for their American Basketball Association title playoff with New Orleans.

They're even used to the tremendous boing. Funny thing is that the Pipers have probably heard more booms than cheers during the best-of-seven series.

Everything has been encouraging for the Pipers this season except attendance at their home games.

While the Pipers have played before two straight sellout crowds of 7,200 at the Buc's home court at Loyola University, attendance at the Pittsburgh Civic Arena has averaged 3,500.

And there's no indication the Pipers will get a capacity turnout tonight for the final and deciding game of the series.

The Pipers and the Buccaneers are going into tonight's game tied 3-3, and the Pipers are anxious for all the vocal support they can muster from Pittsburgh roundball fans.

Winner of tonight's game will receive \$19,000 and the losing team gets \$12,400.

Besides the sound of a large crowd cheering them to victory, condition, of course, will be a big factor in the game which promises to be as rough as the other six played by the teams.

Connie Hawkins' knee and shoulder, Chico Vaughn's thigh and Tom Washington's left wrist all may be factors in the Pipers' end result.

Hawkins said Friday night he feels good and will be going all out to nail the title emblem on the Civic Arena's flagpole. If he plays as well as he did Wednesday night when he scored 41 points in New Orleans the Hawk will be flying all over.

Piper Coach Vince Cazzetta will go tonight with Art Heyman and Washington in front, Hawkins at the post and Charley Williams and Vaughn in the rear court.

The Buc starters are Doug Moe and Jack Moreland at forwards, Red Robbins at the post and Larry Brown and Jimmy Jones at guards.

Blue's Down Stars, Gain NHL Finals

ST. LOUIS (AP) — It was St. Louis Blues' goalie Glenn Hall's game. Blues' Coach Scott Bowman said it, and Minnesota North Stars Coach Wren Blair agreed.

Hall, the Blues' prize pick in the National Hockey League's expansion draft, stopped all but one of Minnesota's 45 shots. Minnesota's goalie Cesare Maniago, was almost his equal, but there were two shots he couldn't handle.

Those two shots, one with less than three minutes in regulation play and one with almost three minutes gone in the second overtime, gave the Blues a 2-1 overtime victory Friday night over the North Stars in the West Division finals.

And those two goals, plus Hall's standout performance, put the Blues in the Stanley Cup finals against the East Division champion, Montreal Canadiens. The first game will be played Sunday and the second Tuesday, both at St. Louis.

"Hall had his game tonight," Bowman said. "I think it was his best of the series."

With just over three minutes left in regulation play, rookie Bill McKenzie scored a deflected shot that seemed to lock up the deciding game in the best-of-seven series for the North Stars.

Then 31 seconds later, veteran Dickie Moore scored a dramatic goal that sent the contest into overtime.

Ron Schock scored the winning goal at 2:50 of the second overtime.

"At least I'll be able to sleep tonight," said the Blues goalie. "I've never played on a team that scrambled more to win than this one. This team just seems to thrive and win under adverse conditions."

Junior Editors Quiz on
LADYBUGS

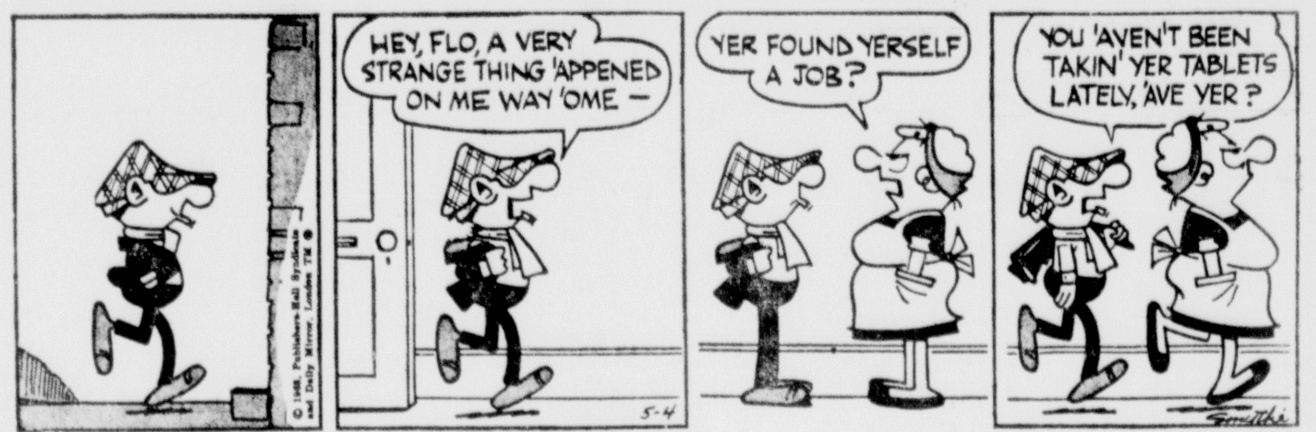

QUESTION: Are ladybugs any good?

ANSWER: Insects help us in many ways, especially by spreading pollen from plants so that the flowers can become fertilized. Other insects help by eating harmful bugs. Among these useful insects, the attractive little ladybug (sometimes called ladybird) holds a high place. These busy little beetles live by devouring the aphids which suck the juices from plants. At one time, the orange and lemon orchards of California were threatened with ruin from a certain kind of aphid. One hundred and forty Australian ladybugs of a kind known to eat the aphids were imported, and within a few years had multiplied and eaten so many aphids that the orchards were saved. There are many different kinds of ladybugs. Most of them are valuable to man, but there are some species which damage plants. The value of ladybugs has been known since the Middle Ages. In fact, it is said that they were dedicated to the Virgin at that time, which is why the word lady is used in their name.

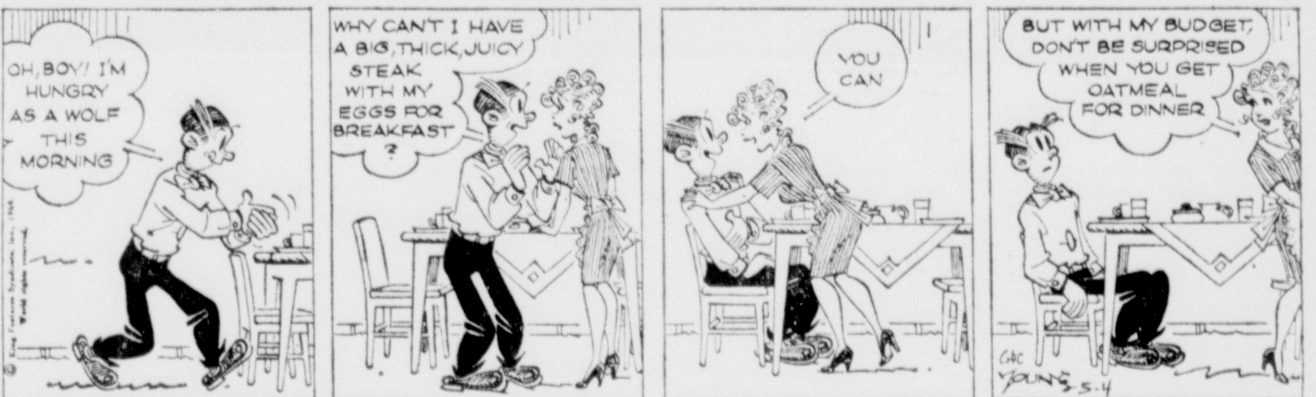

Ben Borntrager of Clark, Mo., wins a prize for this question. You can win \$10 cash plus AP's World Yearbook if your question, mailed on a postcard to Junior Editor in care of The Review, is selected for a prize.

Orleans to test segregation barriers
Ten years ago... foreign ministers of the 15 nations of the North American Treaty Organization were gathered in Copenhagen for a conference.
Five years ago... nearly 200 persons drowned when an Egyptian ferry capsized on the upper Nile.
One year ago... Greek army leaders who had overthrown the government in Athens banned nearly 300 groups and organizations as leftists.

Today In History

By The Associated Press
Today is Saturday, May 4, the 125th day of 1968. There are 241 days left in the year.
Today's highlight in history:
On this date in 1626, the Dutch colonizer, Peter Minuit, landed on Manhattan Island. It was Minuit who bought Manhattan from the Indians for trinkets worth \$24.00.
On this date—
In 1776, Rhode Island renounced allegiance to Britain.
In 1814, Napoleon Bonaparte reached Elba, the island of his first exile.
In 1863, Gen. Robert E. Lee and his Confederate forces defeated the Northern armies under Gen. Joseph Hooker in the Civil War battle at Chancellorsville, Va.
In 1896, the Haymarket Riot in Chicago was touched off by a bomb explosion during a demonstration for the eight-hour day.
In 1942, the Battle of the Coral Sea began in the Pacific war.
In 1961, the biracial group of 13 persons—the first of the so-called freedom riders—set out by bus from Washington to New Orleans to test segregation barriers.
